WEDNESDAY MORNING, FEBRUARY 25, 1914

Bryan and Carranza in Direct Communication by Telegraph.

Recognizing the rebels in two ways.

While the American Secretary of State interprets the utterances of Villa and Carranza to suit the exigencies of the Wilson "watching and waiting" policy, the British Foreign Minister, Grey, and the British Ambassador to Washington, Spring-Rice, are exchanging communications which "recognize" the Constitutionalists of Mexico in quite another fashion. The upper picture, from a photograph taken in Juarez, shows what is going on across the Rio Grande from El Paso—executions of so frequent occurrence that they are becoming a sort of vogue as the guillotine was in the days of the French revolution.

MEXICO CITY FOREIGNERS PERFECT DEFENSE PLANS.

(BY A. P. NIGHT WIRE.)
MEXICO CITY, Feb. 24.—The foreign residents of the Mexican capital, represented by the defense organizations, are perfecting their plans for their own protection. Machine guns for both the British and German colonies have arrived from the warships at Vera Cruz and the nucleus of an operating force as well. These men number not more than six for each of these nationalities so far and they are not in uniform.

The United States has offered no objection to the dispatch to Mexico of California decided the automobile law taxing machines according to horse power is valid.

The United States Circuit Court of Appeals in San Francisco sustained the sixteen-hour labor limit of the Federal law as applied to railroads.

GENERAL EASTERN. Fifty thousand women voted in the Chicago primary election.

New York minister yesterday declared to a Chicago audience that the clergy should make the idea of war incredible.

An Ohio girl has sued Harry N. Atwood, the aviator, for \$50,000 damages for alleged breach of promise.

Mrs. Ellen Winters, aunt of the late President McKinley, died yesterday in Indiana.

Conviction of Lieut. Becker for murder of Rosenthal was reversed yesterday by New York Court of Appeals.

Congressional investigating committee yesterday heard evidence of alleged delay to the mail caused by Michigan strikes.

WASHINGTON. Cabinet officers declare judgment on the Benton incident will not be hasty.

The Supreme Court yesterday again upheld the Mann white slave law.

Three submarines are to be stationed on the Pacific Coast, according to the House naval bill.

MEXICO. The United States is now in direct communication with Carranza. A Juarez dispatch last night reported that a car loaded with fine game cocks had been sent to Chihuahua for Gen. Villa, who is going to give a great cocking main there next Sunday.

Villa refuses to allow the body of Benton, the Englishman, to be disturbed on the ground it would be sacrilege.

It developed that Gen. Carranza a short time ago gave verbal orders to keep the Chinese and Japanese out of Sonora.

AUTO TAX IS UPHELD.

Levy on Horsepower Must Be Paid.

From Five to Thirty Dollars on Each Machine Goes to the State.

Fees Running Into Thousands Due Since January to Be Collected.

License and Restrictions on Chauffeurs Declared to Be Valid.

(BY A. P. NIGHT WIRE.)
SAN FRANCISCO, Feb. 24.—Owners of automobiles in California—more than 100,000 of them—will have to pay to the State a horse-power tax on their cars, ranging from \$5 to \$30, and drivers of machines for hire will have to pay a license fee of \$2.

They will have to start in right away, too, for the law to that effect, enacted by the last Legislature and effective after January 1 of this year, will be enforced forthwith, the Supreme Court of the State having decided today that the law is constitutional in all particulars.

Test cases were brought by the automobile men of the State, in the belief and hope that they could tear holes in the new law. They attacked it on a number of different grounds. On each, however, the Supreme Court ruled that the law was soundly constructed.

The automobile men contended the law was unconstitutional because it imposed a tax on the inhabitants and properties of the counties for county purposes. The Attorney-General replied that it was a police measure, and further, that the road taxes provided for under the act were authorized by the Constitution.

FROM THE DECISION.
Judge Henry Melvin, who wrote the opinion, said in this case, a police measure.

But he adds:
"Repair of the public highways is not a police measure, yet it is evident that the bill was passed for the principal purpose of raising revenue for use in the upkeep of such highways."

He calls attention to the fact that one-half of the funds to be derived from the tax shall be paid into the public road funds. The court, he says, is not concerned with what use is to be made by the State with the revenue derived by the tax, and the rest of the act would be valid, even if that clause relating to the distribution of the funds were void.

The act is not local or special in its nature because a greater portion of the funds is to be expended outside the cities, says the decision. Judge Melvin adds: "The State is charging the privilege of using the roads for these highly destructive vehicles at a rate of speed not attainable by those propelled by animal power. The privilege is open alike to the rural driver and to the city motorist."

As to the justice of graduating the tax according to the horse power of the machines the decision reads:
"In the statute we are endeavoring to construe there is an attempt to apportion the charge with some reference to the destruction or wearing power of each motor vehicle. While we cannot say that the relative horsepower of vehicles is the most scientific basis of measuring their potency of injury to the roads, we cannot say that it is not without justification."

High-powered cars, the court reasons, are usually heavier than lighter-powered cars, and therefore do more harm, and ought to pay a larger tax. The law does not violate the "due process" clause of the Constitution, says the court, by giving the Department of Engineering the authority to take the horse power of the machines to be taxed. There is always redress with the courts for injury, the decision protests out.

The act provides that dealers shall pay a fee of \$50 if they are operating more than five automobiles, and \$10 each for those above that number. This, says the Supreme Court, is not illegal discrimination, as the dealers' cars are maintained largely for demonstration purposes, not for the ordinary uses. The Legislature, says the decision, having plenary power, may designate or exempt any class.

The exemption from the tax for three months of non-resident automobiles is upheld on the ground that they are supposed to have been taxed in their home States, and their use of the roads is supposedly only temporary.

CHAUFFEURS' TAX.
The decision regarding the chauffeur's tax, written by Justice Henshaw, declares that inasmuch as the chauffeur offers his services to the public, the public is entitled to what the Legislature deems a reasonable regulatory measure of the Legislature. The argument that there is likewise danger to the public from the unlicensed driver, says the decision, may have considerable merit, but it should be made to the Legislature, not to the courts.

It is held further that automobiles must display their license numbers conspicuously in front and behind.

The tests were brought by Alfred J. Schuler of Los Angeles, who did not display his license number front and back; Perry E. Towne and Douglas

PHOTOGRAPHS THE RETINA.

Picture Science Hopes to Find Slayer of an Illinois Girl.

(BY A. P. NIGHT WIRE.)
AURORA (Ill.) Feb. 24.—Authorities have photographed the eye of Theresa Hollander, killed here a week ago. State Attorney Tyler admitted this today, saying that the retina of a murdered person retains the image of the murderer. The picture was taken at the suggestion of an oculist, who said the retina of the slain girl's eye would show the last object before her conscious vision. The result was not made public.

Mitchell of San Francisco, who hadn't paid their horse power tax, and Charles Stark, a professional, unlicensed chauffeur.

CALLS AUTOISTS CRUEL NAMES.
(BY A. P. NIGHT WIRE.)
WASHINGTON, Feb. 24.—Transcontinental highways proposed by the American Automobile Association were characterized today as "lanes over which members of this high-browed, joy-riding association may strut," by Representative Shackelford of Missouri, attacking what he called the "editorial cabining factory," maintained by the organization to promote the measure it favored.

With funds the association collected from its 431 subordinate automobile clubs and the like, Shackelford said, a "necropolis lobby" was maintained in Washington, and the "editorial cabining factory" was used to fight the re-election of opponents of motor road bills.

He read a letter from the president of the association to a member in Kansas City, urging that support be withdrawn from the Shackelford \$25-99,000 good roads bill now before the Senate, having passed the House. The measure provides for dirt roads in rural free delivery districts.

Plucky.
MCKINLEY'S AUNT DIES IN A HUT.
BUT AGED WOMAN WAS HAPPY DESPITE POVERTY.

(BY DIRECT WIRE—EXCLUSIVE DISPATCH.)
STAR CITY (Ind.) Feb. 24.—In poverty, but happy in her little three-room hovel home, Mrs. Ellen McKinley, 82 years old, aunt of the late President William McKinley, died today from a series of complications caused by old age. Up until the last she refused medical aid, saying: "I have lived this long and had eleven children without the assistance of a doctor, and I don't want one fussing about me at this time of life. I am not sick, but am just a little bit tired."

The hut in which Mrs. Winters died is located four miles north of Medaryville, and is a typical Hoosier pioneer log cabin in a clearing of the woods. She has lived many years with her bachelor sons, George and Ward Winters, and has served as housekeeper. The quaint furniture includes an old organ, violin, guitar and banjo, which were a source of entertainment during the long winter evenings.

The record in the family Bible shows that she was the youngest child of Benjamin McKinley and was born at Bags Hill, O., July 8, 1830. She is a sister of William McKinley, Sr., father of the late President.

LIMITS RIGHT OF SEARCH.
Supreme Court Decides Officials Must Observe Rights of Citizens in Seizing Letters and Papers.
(BY A. P. NIGHT WIRE.)
WASHINGTON, Feb. 24.—Criminal prosecutions may be revolutionized by a decision today of the Supreme Court restricting the conditions under which prosecuting officials may seize papers belonging to persons accused of crime. The immediate result of the decision was that Freeman Weeks, an express messenger at Kansas City, Mo., will be given a new trial on a charge of using the mails to further an alleged lottery scheme.

The point that the government improperly seized papers in the "dynamite" cases against Frank M. Ryan and other bridge union officials in a raid in Indianapolis has been raised, and the decision may enter into that prosecution if a new trial is granted.

After Weeks' arrest, the United States Marshal entered his house and procured over 600 letters, which were used against the prisoner when he was placed on trial. No search warrant had been issued.

Justice Day, in announcing the court's unanimous decision, held that Weeks' constitutional guarantee against unreasonable search had been violated.

"If letters and private documents can thus be seized and held and used in evidence against a citizen accused of an offense," Justice Day said, "the protection of the Fourth amendment against unreasonable searches and seizures is of no value, and so far as those placed are concerned might as well be stricken from the Constitution. The efforts of the court and other officials to bring the guilty to punishment, praiseworthy as they are, are not to be aided by the sacrifice of those great principles established by years of endeavor and suffering which have resulted in their embodiment in the fundamental law of the land."

DEFENSES OF PACIFIC.

Submarines to Guard the Coast.

Million-Dollar Contract Is Awarded Craig Company at Long Beach.

Two Battleship Program Wins Approval of House Naval Committee.

Seagoing Boat that Dives Like a Porpoise Also to Be Constructed.

(BY DIRECT WIRE—EXCLUSIVE DISPATCH.)
WASHINGTON BUREAU OF THE TIMES, Feb. 24.—A victory of great importance for the Pacific Coast was scored in the House Committee on Naval Affairs today. The committee decided on its building programme, which includes two battleships, six destroyers and eight submarines. Moreover, an amendment was agreed on that a part of the submarines should be stationed on the Pacific Coast, and on motion of Representative Stephens another amendment was agreed on that the three coast-defense submarines should be built on the Pacific Coast provided the price did not exceed the cost on the Atlantic Coast plus cost of transportation.

The submarines which are provided for are three coast-defense submarines, four for harbor defense and one seagoing. The three coast-defense submarines will be built on the Coast and undoubtedly kept there. In addition, it is the expectation that others will be sent. This means a long step in the direction of providing the Coast with adequate naval defenses for harbor purposes.

Several Pacific Coast Congressmen have appeared before the committee to urge more submarines for the Pacific Coast, among them Messrs. Hayer and Kettner. Mr. Stephens said tonight he regarded the submarine programme as one which should be highly satisfactory to the West, particularly as the Navy Department originally recommended only four submarines in all.

THE COMPLETE PROGRAMME.
(BY A. P. NIGHT WIRE.)
WASHINGTON, Feb. 24.—Formal approval today was given the administration's two-battleship programme by the Naval Affairs Committee after the "small navy" men had made their final stand against it. The Navy Department's construction plans were changed so as to provide for six instead of eight destroyers and for additional submarines. As reported to the House, the bill carries an appropriation of \$140,000,000, exclusive of amounts to be spent for armor and armament and axes the building programme for the coming fiscal year as follows:

Two first-class battleships of the highest speed and largest possible radius of action, to rank among the world's dreadnoughts, \$7,800,000 each, exclusive of armor and armaments.

One powerful 1200-ton torpedo-boat gun-boat, \$1,100,000.

Six torpedo-boat destroyers, \$225,000 each.

Three coast defense submarines of 600 tons each, \$620,000 each, designed for use on the Pacific Coast.

Four harbor defense submarines of smaller type, \$375,000 each, intended for use on the Gulf coast and at Panama.

The two-battleship programme was approved, 14 to 4. Representative Tribble (Georgia), Hensley (Missouri), Witherspoon (Mississippi), and Buchanan (Illinois) voting in the negative.

MILLION CONTRACT TO LONG BEACH.
(BY DIRECT WIRE—EXCLUSIVE DISPATCH.)
LONG BEACH, Feb. 24.—John F. Craig, general manager of the Craig Shipyards, announces that a \$1,000,000 contract for the construction of two submarines for the United States government has been secured by the local concern. The keels of these two vessels are to be laid next week.

This is by far the largest contract undertaken by the local shipyards, and was obtained as a sub-contract from the Lake Boat Company of Toledo.

Each submarine will be 155 feet long, 20 feet beam and 20 feet deep. Each will cost \$500,000. They will include ultra-modern improvements in this type of vessel.

Craig expects to have the two vessels completed in twenty months.

C. A. Harrington, U. S. naval constructor, has been stationed at the Craig plant and is supervising the making of patterns.

The steamship Alvarado, built at the yards of the Long Beach Steamship Company, costing \$225,000, will be launched at 10 a.m. March 10. She is 250 feet long, has a 40-foot beam and 16-foot draft. The boat will be equipped with quadruple-expansion engines developing 1900 horse power. She will carry 1,400,000 feet of lumber. The steamship Navajo, built at the Craig plant, now in commission.

Garford Ten Ton Tractor and Trailer

Over 66% of Our Sales Are Repeat Orders

NOTHING can better prove the all-around efficiency of a motor truck than the amount of repeat orders which come after the initial trucks purchased have been given a good try out.

Garford repeat orders run over 66%.

This is a record.

And our repeat orders are not merely nominal. They are big transactions—often for 20 large chassis at a clip; often single orders involve over \$100,000.00—and more.

The Garford truck is a practical ten year development—not a one-time first-year experiment. It has proved its worth and earned its salt in thousands of lines of business.

Garford trucks do more work in less time for less cost than any other truck made.

We can refer you to scores of prominent business men who will more than confirm this statement.

Garford trucks are working for the largest concerns in America—concerns

who by cold and long experience can tell the difference between intrinsic and inflated values.

Garford trucks are working on some of the greatest industrial, municipal and railroad jobs in the country.

Get in touch with us and we can prove the advantages, the efficiency and the economy of the Garford—America's greatest truck.

Investigate.

LORD MOTOR CAR CO Distributors

1032 S. Olive St., Los Angeles

DEATH BLOW TO
HIGH PRICES!Fortunate Circumstances Bring About Big
Reduction in Cost of Clothing.

BIG BOON TO MEN OF LOS ANGELES.

Excitement is running high over the prospects of a sensational sale of Hart Schaffner & Marx, Clothcraft and other well-known makes of Men's Suits and Overcoats at 223 South Spring street, the retail department of the Palace Clothing Co.

We believe that many of these famous brands of men's clothing will be sold at a lower price than ever before in Los Angeles. Ordinarily it would never be possible to make such low prices, but an exceptional reason allows them to do so.

Having purchased the entire stock and fixtures of the Rice-Stearns Co. of Hanford, Cal., the Palace Clothing Co. found a fine selection of these famous suits in the stock and made two shipments to their store in Los Angeles.

The first shipment was promptly and eagerly purchased by men of Los Angeles and the second shipment is now on sale.

As the price paid for the stock was only about 50 per cent. of the regular wholesale price you are offered many bargains for about the usual wholesale cost.

Judging by the rapidity with which the first lot was purchased the balance will be in the store but a few days.

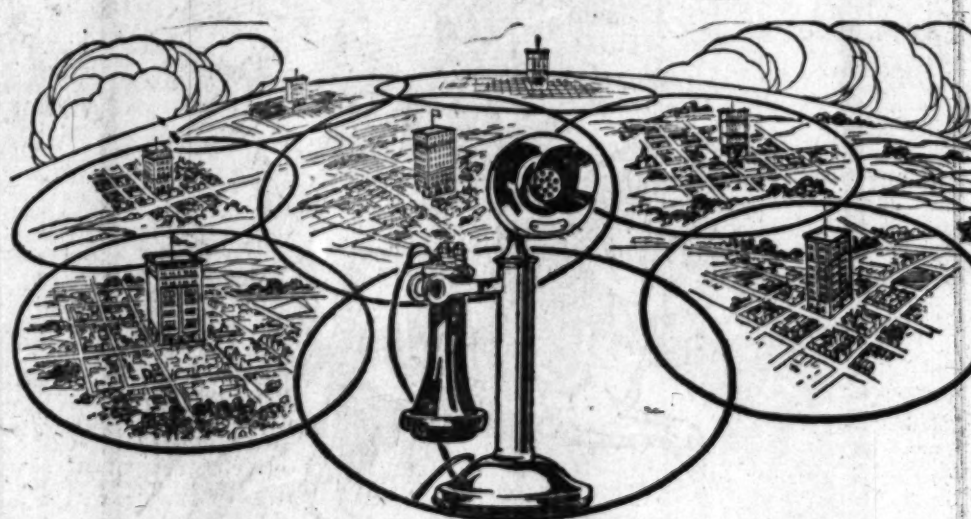

Don't make the mistake of waiting until the latter part of the week. If you really want a suit or two of these well-known values at these extraordinary low prices, better come early. Remember, every price is so low you could hardly believe they could be placed on such wonderful values.

Read the prices quoted below and be on hand early. The store opens at 8 a.m. Shirts—75c and \$1 grades, in new goods, 33c; \$1.50 silk and madras shirts, 69c; \$1.25 and \$1.50 Ascots, Monarch brand, etc., 75c; \$2.00 new spring patterns, only 85c; \$2.00 silk pongee, \$1.45; Arrow and other grade brands, \$1.15; \$2.50 Manhattan and Clivet, only \$1.15.

Interlinking Talking Circles

EACH Bell Telephone is the center of a talking circle to which there are no arbitrary boundaries within the limits of speech transmission.

Each central office is a clearing house for telephone talk extending far beyond its own system.

Universal communication means not only intercommunication between subscribers in the same exchange system and with those in other exchange systems, but also long distance communication with each connected telephone in the Bell system within speaking distance.

There are over 7,500,000 interconnecting Bell Telephones, each an open door for telephonic communication, uniting a nation of 92,000,000 people and promoting the happiness, the welfare and the prosperity of all.

Each Bell Telephone is a Long Distance Station

POISONS THAT IRRITATE

When the delicate machinery of the body is not working harmoniously, poisons are retained that should be expelled. These may accumulate in tissues and cause irritation. Should this irritation affect joints or muscles you have rheumatism; if a nerve becomes inflamed you have neuralgia.

But if the system is kept toned up with Dr. Williams' Pink Pills and no body poisons are retained, foods that once distressed you will be harmless, exposure will bring no rheumatism and neuralgia and even germ diseases need hardly be dreaded.

The lowering of the tone of the system which results from thin blood is easy to recognize. Weakness is always present, a tendency to perspire and fatigue easily, ringing in the ears, black spots passing before the eyes, weak back, dizziness, wakefulness and unrefreshing sleep. These conditions Dr. Williams' Pink Pills will correct.

Dr. Williams' Pink Pills build up the blood and strengthen the nerves. In this way the general health is improved, the appetite increases and new ambition and energy is developed. These pills are sold by all druggists. Send to Dr. Williams Medicine Co., Schenectady, N. Y., for free book "Building Up the Blood."

SAYS ATWOOD
JILTED HER.OHIO GIRL SUES AVIATOR FOR
HEAVY DAMAGES.

Former Checker in Hotel Dining-room Declares He Promised to Wed Her and Later Heard of Was Planning World Trip With Another Bride-to-Be.

TOLEDO (O.) Feb. 24.—Harry N. Atwood, the Ohio aviator, was made a defendant here today in a \$50,000 breach of promise suit. The suit was filed for Miss Cecile E. Harris, former checker in the dining-room of the Seccor Hotel in this city. The plaintiff is the daughter of William Harris, a laborer.

The suit alleges that some time last September, when the girl was riding in an automobile with Atwood he asked her to marry him. She alleges she withheld her answer until the following day, when she promised to become his wife.

She declares she has asked him to fulfill his promise upon several occasions, but that he has used some pretext or another to avoid doing so. She says when she read in the newspapers several weeks ago of his announced engagement to Miss Ruth L. Satterthwaite of Reading, Pa., and his proposed aerial trip around the world with his bride-to-be, she renewed her request that he keep his promise to wed her.

Atwood denies the charges, declaring it is a trumped up case between the girl and a number of local attorneys.

Two Killed at Fire.

NEW YORK, Feb. 24.—Two men were killed and several firemen were hurt today in a fire that swept through the four-story Bakers Hotel, occupied chiefly by bakers.

Starvation Will Not
Cure Dyspepsia

But a Stuart's Dyspepsia Tablet Will
Enable You to Eat Your Meals
Without Suffering After
Doing So.

Every person knows that to live in a healthy, happy manner we must eat. Diet, starvation, predigestion, food, etc., are not the correct methods of eliminating digestion disorders. Many dyspeptics know that they must eat and so they go to their meals in a half-hearted manner. As a result, their stomachs revolt at the idea, and so whatever food they consume does them more harm than good.

Testimony in support of this is given by W. A. Garrison, a prominent physician, who has been influenced by the results given by Stuart's Dyspepsia Tablets. He has written a book, "The Cure of Stomach Disorders," which is a valuable contribution to the literature of the subject.

Stuart's Dyspepsia Tablets are composed of a great digestive influence upon all food. One grain of one of the tablets is sufficient to digest 1000 grains of food.

When you have given this a single thought consideration you will then understand why it is that Stuart's Dyspepsia Tablets are the greatest remedy for stomach and dyspepsia remedy known today.

Thousands of stomach sufferers all over this country, who have been relieved of all kinds of digestive diseases, are the influences which have made these tablets sold by druggists in every city, town and village in this country.

Go to your druggist today and obtain a box. Price 50 cents.

Reason
Says
EAT
Stomach
Cries
DON'T

"If I Were Sure This Meal Would Not
Injure Me I Would Eat for 1 Am
Losing Weight Every Day."

In cases of dyspepsia, catarrh of the stomach, gastritis, heartburn, rash, foul breath, bowel complaint, stomach trouble, etc., Stuart's Dyspepsia Tablet taken after each meal will do more good than anything you have ever tried.

You simply cannot realize how these little digesters put away a meal, without effort, pain or distress, and at the same time so build up the digestive apparatus as to make the next meal more easily taken care of.

To understand what Stuart's Dyspepsia Tablets are composed of is to realize that when they reach the stomach they dissolve into digestive juices just as desired by nature. They hold ingredients which the healthy stomach is supplied with and the unhealthy stomach lacks.

These natural qualities have a great digestive influence upon all food. One grain of one of the tablets is sufficient to digest 1000 grains of food.

When you have given this a single thought consideration you will then understand why it is that Stuart's Dyspepsia Tablets are the greatest remedy for stomach and dyspepsia remedy known today.

Thousands of stomach sufferers all over this country, who have been relieved of all kinds of digestive diseases, are the influences which have made these tablets sold by druggists in every city, town and village in this country.

Go to your druggist today and obtain a box. Price 50 cents.

LOCAL WOMAN NOW
A BIG ADVERTISER

When one of our women customers recently bought five bottles of Harmony Hair Beautifier to give to her friends for Christmas, she started all by herself a mighty big advertising campaign, because not only does each one of the women to whom she gave a bottle of the Beautifier now consider it indispensable for the proper care of the hair, but each of them has been the means of getting several of her friends to use it. As a consequence, if things keep on in this way for a few months longer, we will be selling more of it than of all other hair preparations combined. Sprinkle a little Harmony Hair Beautifier on your hair each time before brushing it. Contains no oil; will not change color of hair, nor darken gray hair.

To keep hair and scalp dandruff-free and clean, use Harmony Shampoo. This pure liquid shampoo gives an instantaneous rich lather that immediately penetrates to every part of hair and scalp, instantly cleanses, thoroughly cleanses. Washed off just as quickly, the entire operation takes only a few moments. Contains nothing that can harm the hair; leaves hair smooth and soft—just a sweet cleanliness.

Both preparations come in odd-shaped, very ornamental bottles, with sprinker tops. Harmony Hair Beautifier, \$1.00. Harmony Shampoo, 50c. Both guaranteed to satisfy you in every way, or your money back. Sold only at the main store, 7000 Rexall Stores, and in this town only by us. The Owl Drug Company—five stores—Broadway and Fifth, 625 Broadway, Third and Spring, Seventh and Hill, Fifth and Spring.

POSLAM HEALS
WORST FORMS
OF ECZEMA

Poslam is the remedy which is making the greatest inroads upon distressing skin diseases, eradicating the most baffling cases of Eczema, Acne, Tetter, Itch, etc. It is the remedy which merits use when the skin is disordered for its healing powers are beyond all question. Relief is immediate. Itching stops. The inflamed skin is soothed. Improvement may be seen every day. By all means try Poslam, if you need any remedy to better your skin's condition.

All druggists sell Poslam. For free sample, write to Emergency Laboratories, 22 West 25th Street, New York.

Poslam stops, improves and beautifies the skin and hair.

From Thin to Plump—
Girls

The expression of happiness and gratitude of several of his young lady patients for whom he prescribed the recently successful flesh forming product, known as three-armed hygienic tablets, is related by a physician in one of the medical publications, and it comes as a surprise to the ordinary layman to learn the heart throbs of distress which seems to affect so many young people who are abnormally thin. Also to know that the weight can be so readily increased by the use, regularly for several months, of this peculiarly named preparation, now obtainable at the best physicians and apothecary shops in sealed packages with complete instructions for self-administration.—(Advertisement.)

Why Travelers Like
Tourist Sleepers

A large percentage of the total number of travelers each year between California and the East make this journey in tourist sleepers. The steady increase is quite natural; there is an average difference of 25 per cent between the price of transportation good in standard sleepers and that good in tourist sleepers, while these latter are being steadily improved in the important features of car building, interior design and comfort. Those in Burlington service are of the latest construction; they have gas and electric light fixtures, carpeted aisles, ranges, lunch tables, lavatories, smoking compartments, and are carried in the Burlington's high-class electric lighted trains next to the dining car. Several tourist sleepers each week leave California under the escort of special Burlington conductors, whose sole duty is the care of those who have joined our conducted parties. The volume of travel today carried in these tourist sleepers is of itself an endorsement of this economical and comfortable way of crossing the continent. Now, add to these features of the journey, Salt Lake, Colorado's scenic panorama, the Burlington's well-operated trains, the interesting cities along the way, and you have a combination of travel attractions that accounts for the success of these Burlington parties.

Burlington
Route

Can I tell you about these Tourist Sleeper Parties to Boston, Detroit, Buffalo, Chicago, St. Louis, Omaha and Kansas City, or send you literature?

W. W. ELLIOTT, General Agent
636 South Spring Street, Los Angeles, Cal.

Pessimistic.

THINKS PEACE
VERY FAR OFF.

CONDITIONS IN NATIONS WORSE,
SAYS DR. JEFFERSON.

Pastor of the Broadway Tabernacle in New York Declares Ministers Should Denounce the Maintenance of Great Engines of War Under the Present System.

(BY A. P. NIGHT WIRE.)

CHICAGO, Feb. 24.—Conditions existing in the nations of the world as viewed by those who desire international peace are worse now than ever before and are growing worse constantly, according to the Rev. Charles E. Jefferson, pastor of the Broadway Tabernacle of New York, who addressed an interdenominational meeting of ministers in this city last night.

"We preachers have not done much, but we must do something," said Dr. Jefferson. "We can denounce the present system of maintaining great engines of war. We can insist that our diplomats be men of peace. We can insist that our government work for peace. We ought to make the idea of war incredible. When we cease believing in war, we will have peace."

SO MUCH FOR ARBITRATION.

(BY A. P. NIGHT WIRE.)

WASHINGTON, Feb. 24.—Attention was called at the Capitol today to the fact that arbitration treaties negotiated with Great Britain and France by former Secretary of State Knox and ratified by the Senate with amendments March 7, 1912, are stored in the archives of the State

Department and never have been in force.

Neither Great Britain nor France has communicated to the United States government its attitude as to amendments suggested by the Senate after the original negotiations had been concluded.

In the Senate today there was apparently no disposition to recall the treaties and unless Great Britain or France should act to have the negotiations reopened, the Foreign Relations Committee or the Senate have nothing before them in connection with these agreements.

ORRAMELL WILLIAMS DEAD.

Body of Former Salt Lake City Postoffice Money Order Superintendent Found in Public Bath.

(BY A. P. NIGHT WIRE.)

SALT LAKE CITY (Utah), Feb. 24.—The body of Orramell Williams, former superintendent of the money order division of the Salt Lake City postoffice, was found today in the swimming pool of a public bath-house.

Williams, who had been employed at the postoffice here twenty years, and his assistant, Alma W. Harper, were suspended January 5 for alleged irregularities in their handling of funds. Although their cash accounts balanced, the postoffice inspectors objected to the practice of keeping a private fund in which the men placed "over" remittances from other post-offices, using this fund to make up shortages. Their suspension followed their placing the surplus from "decoy" remittances in this fund. The entire amount involved was less than \$50.

Harper committed suicide by shooting January 6. Reuben on Williams's body and other circumstances led to a belief that his death was accidental. He had a wife and four children.

Rob Baltimore Academy of Music.

(BY A. P. DAY WIRE.)

BALTIMORE (Md.), Feb. 24.—Three masked robbers entered the Academy of Music last night, blew open the office safe and got away with between \$5000 and \$6000 leaving the watchman tied to a chair.

Lieut. Becker
MAY GO FREE.

Court of Appeals Annuls
Conviction of Murder.

Whitman Thinks the Second
Trial Would Be Useless.

Four Gunmen to Die Unless
Pardoned by Glynn.

(BY A. P. NIGHT WIRE.)

NEW YORK, Feb. 24.—The conviction of Charles Becker, former police lieutenant, of the murder of the gambler, Herman Rosenthal, was annulled today by the Court of Appeals at Albany, the highest in the State. He is entitled to a new trial, but it seemed probable tonight that he might go free without facing a second trial.

The appeal taken by the four gunmen, "Whitey" Lewis, "Lefty" Louie, "Gyp" the Blood, and "Dago" Frank, was also annulled. The court, conviction a second time would be impossible.

In the past, Whitman believed that under the prevailing opinion handed down by the court, conviction a second time would be impossible.

The appeal taken by the four gunmen, "Whitey" Lewis, "Lefty" Louie, "Gyp" the Blood, and "Dago" Frank, was also annulled. The court, conviction a second time would be impossible.

[illegible]

THE CITY AND ENVIRONS.

EVENTS BRIEFLY TOLD.

In Chicago to Marry.

Leo L. Brantley, 38, and Devena M. Walen, 21, both of Los Angeles, were licensed to marry in Chicago yesterday, according to a special dispatch received by The Times last night. No Really Lushes Tomorrow.

There will be no luncheon of the Realty Board tomorrow because of the Vanderbilt Cup race at Santa Monica. Hundreds of the real estate men are planning to witness the motor speed contest.

Grand Jury Marries.
Gerson Levy, a member of the Federal grand jury, was married yesterday to Miss Martha R. Van Rhee of Travers City, Mich. The ceremony was performed by Father Brady at St. Vibiana's Cathedral.

Boyle Heights Concert.
Tomorrow night the Boyle Heights Methodist Episcopal choir will give a concert for the benefit of the pipe-organ fund. An extensive programme has been arranged by W. W. Ellis, director, and promises to be a most enjoyable one. The public is invited.

The Men to Be Cooks.
To prove that they are good cooks the men of Normandie-avenue Methodist Church will prepare and serve a hot supper in the social hall on Friday evening from 6 to 8 o'clock. The pastor of the congregation will be the host chef.

To Provide Target Range.
The military department of the Los Angeles High School will soon be equipped with a target range in order that the cadets may learn to shoot. This addition to the equipment of the battalion is second only to the expensive wireless apparatus which was installed last March.

Debating Society's Officers.
The election of the Forum, a debating society of the Los Angeles High School, resulted in Mildred Little as president. The officers are: President, Mildred Little; Vice-president, Kathleen Murphy; Secretary, Hugh Martin; Treasurer, George Reed; Sergeant-at-arms, Collisio Victim Recovering.

William H. Parmore of the Kanawha apartments, who was seriously injured Monday in a collision in the Third-street tunnel, is expected to be driven by F. O. Karger, who probably will be placed under arrest on a charge of having driven an auto while intoxicated.

Must Dance Into Court.
Mrs. J. Hartzell and M. C. Melick-John, dance teacher who refused to get a city license to teach their steps, failed to appear before Police Judge White yesterday to face the charge. Instructions were sent them that they must appear in court today or an additional charge of contempt of court will be placed against them.

Music School's Opening.
The Egan School of Music and Drama will hold a reception in the new building, 1100 Broadway, on Friday afternoon and evening, marking the public opening of the building. The public is invited, and tea and cake will be served in the reception-room between the hours of 3 and 8 p.m.

Financing a Nursery.
The Young People's Society of the First Unitarian Church will give a collection party at the home of Mrs. J. B. Baker, No. 2127 West Twenty-first street, on Friday evening. The object of the party is to raise funds to help in the establishment of a day and night nursery, in connection with the Maternity Cottage on Utah street.

High School Election Results.
Elections for the House of Representatives of the Los Angeles High School resulted successfully for the following yesterday: Russell Brougher, William Coleman, Bessie Gill and Olga Orth. This event is an important one as the president of the student body who directs the school's activities is chosen from this group.

New Citizens Meeting.
The New Citizens' Civic Club will meet this evening in the Los Angeles High School, and those persons admitted to citizenship by the courts last week will be welcomed. The interested public is invited to the meeting. There will be a report from a committee appointed to consider the problem of getting the immigrant onto the land.

Verdict of Suicide.
The coroner's jury impaneled to investigate the death of William Prouty, the old soldier found in the hills back of Hollywood with a bullet through his head, returned a verdict of suicide yesterday. The act, believed to have occurred shortly after Prouty's disappearance, was a result of a chronic illness. He was fairly well-to-do in a financial way and his proposed trip to the Soldiers' Home.

Characteristic pictures of children.
The Stock Studio will give 25 per cent discount on 110, 112 and 114 artist-proof pictures of children for limited time; to secure this great reduction cut out this ad and present it at the time of sitting. Awarded eighteen medals for artistic excellence at the National Studio, 1214 South Broadway, over Stau's shoe store.

Times School of Domestic Science.
Free lecture Tuesdays, Thursdays and Saturdays at 2 p.m. Second floor, New Times Building.

S. B. Bailey's Jewelers and Opticians are now located at 527 So. Broadway, next to Majestic Theatre. The Times Branch Office, No. 619 South Spring street. Advertisements and subscriptions taken.

Oxynole Treatment, free trial.

EARLY-MORNING HOLD-UP.
Highwaymen Secure Money, Watch,
Diamond Ring, Fountain Pen and an
Empty Purse from Victims.
Frank McGurk of No. 1113 West
Sixth street and William Turner of
No. 403 Huel street were held up
early this morning by two white men
at Sixth street and Huel street.
One of the handouts flashed a revolver
while the other went through their
pockets. From McGurk they secured
14 in coin, a watch valued at \$40 and
a diamond ring worth \$60. From Tur-
ner they took a fountain pen and an
empty purse.

Mayer Siegel & Co.

443-445-447 South Broadway.

We have no branch store—no connection with other stores.

Blouses for the Races

Special showing of exquisite styles especially selected.

YOU'll want the very smartest of blouses for this occasion!—blouses which have distinction and correct style. We made a special order—designating the time when they were to be worn. We want you to see the result. Such an assortment would be hard to find outside of Paris. Fine lingerie, voile, crepe, lace—all included. See them today!

\$4.75—\$6.00 to \$10.00 etc.

Stunning Coats

—for the Races

ANOTHER important garment! It must be chic—striking—effective! The new godet ripple, the flare flange, the Balmain—have you seen the models embodying these features? We are showing a choice assortment—quite the most attractive ever selected for any occasion. Visit our shop.

CARE FOR YOUR HAIR

With CUTICURA SOAP

And Cuticura Ointment. They cleanse the scalp, remove dandruff, arrest falling hair and promote hair health when all else fails.

Cuticura Soap and Ointment sold throughout the world. Liberal sample of each mailed free, with 25-c. box. Address "Cuticura," Dept. 718, Boston.

RESINOL HEALS SKIN ERUPTIONS
Even Severe, Stubborn Cases Yield to This Easy, Economical Treatment.

If you have eczema, ringworm or other itching, burning, unsightly skin eruptions, try Resinol Ointment and Resinol Soap and see how quickly the itching stops and the trouble disappears, even in severe, stubborn cases. Resinol is also an excellent household remedy for pimples, dandruff, sores, burns, bruises, boils and for a score of other uses where a soothing, healing application is needed. It contains nothing of a harsh or injurious nature and can be used with confidence on the tenderest or more irritated surface. Practically every drugstore sells Resinol Ointment (50c and \$1) and Resinol Soap (25c). For trial free, write to Dept. 47-R, Resinol, Baltimore, Md. Buy in the original "substituted" which a few unscrupulous dealers offer.

THE WEATHER.

(Official Report.)

LOCAL OFFICE, U. S. WEATHER BUREAU, Los Angeles, Feb. 24.—(Reported by Paul A. Carpenter, Local Forecaster.) At 5 o'clock a.m. the thermometer stood 50.20 at 5 p.m., 50.20. Thermometer for the corresponding hours showed 52.00 and 50.00. Relative humidity, 5 a.m., 50 per cent; 5 p.m., 41 per cent. Wind, 5 a.m., north, velocity 5 miles; 5 p.m., southwest, velocity 6 miles. Highest temperature, 71 deg.; lowest, 49 deg. Rainfall for season, 22.00 inches. Barometer reduced to sea level, 29.90 inches.

WEATHER CONDITIONS.—The pressure continues abnormally high over the greater part of the country, and temperatures of air and water are well above the normal. The weather is generally clear and bright, with occasional light showers of rain. The wind is generally light and variable.

LOCAL FORECAST.—For Los Angeles and vicinity: Fair Wednesday; mostly clear Thursday; partly cloudy Friday. For California south of the Tulelake: Partly cloudy Wednesday; mostly clear Thursday; partly cloudy Friday.

STATE FORECAST.—SAN FRANCISCO, Feb. 24.—Forecast: Partly cloudy Wednesday; mostly clear Thursday; partly cloudy Friday. SACRAMENTO, Feb. 24.—Forecast: Partly cloudy Wednesday; mostly clear Thursday; partly cloudy Friday. OAKLAND, Feb. 24.—Forecast: Partly cloudy Wednesday; mostly clear Thursday; partly cloudy Friday.

Advancing Southern Metropolis.

LXXXIIIRD YEAR.

Latching's Out.

ALL ROADS LEAD TO LOS ANGELES AGAIN.

Traffic Over the Main Lines Opens With Heavy Rush Here.

Thousands Marooned Passengers Brought in and the Storm-Blockade Broken—Flood of Belated Freight Trains Moving Swiftly On—Interurban Trolley Service and Gas, Power and Oil Lines Still Affected.

THROUGH TRAFFIC over the main lines to and from Los Angeles was resumed with a tremendous inward rush yesterday, and railroad service restored to practically normal conditions. All reports show that the usual large number of travelers is headed toward the metropolis, and the latch-string is out. Interurban trolley service and operation of the gas, power and oil lines are still interrupted.

With the arrival of 1000 marooned passengers here last night over various lines, the storm-blockade was broken. Commencing at 8 o'clock, and continuing thereafter at intervals, the Southern Pacific brought in six trains from the coast, carrying a total of over 500 passengers. The Salt Lake and Santa Fe also brought in trains. The importance was the arrival of freight trains over the Southern Pacific which occupied seven days in making the passage from San Francisco. They were aboard the Limited, which was marooned at Santa Barbara by the storm, and were diverted to the San Joaquin valley line, only to meet with destruction. The Santa Fe's break over the Mojave River at Barstow was closed, except on the

Looking in on West.

TY SOON TO EXPAND SEVEN SQUARE MILES.

Annexation of the territory immediately west of the city is the first move in the big project of expansion and consolidation toward the acquisition of territory that can be served advantageously by the Los Angeles water system. The city is now in circulation for a number of years and within a few days will be filed with the City Clerk. They already contain the required number of signatures. The annexation commission, headed by the city engineer, is now in the field. The city is now in circulation for a number of years and within a few days will be filed with the City Clerk. They already contain the required number of signatures. The annexation commission, headed by the city engineer, is now in the field. Kayser's Fabric Gloves

Our completed lines of Kayser's famous fabric gloves are now in and ready for selection. Thoughtful women are choosing their summer supply now while assortments are full. KAYSER'S SILK GLOVES, two to sixteen button lengths, black, white and colors. 50c to \$3.50. KAYSER'S CHAMOISETTE, two clasp, spear back or three rows of embroidery—50c pair. Sixteen button lengths in embroidered or spear back at \$1.00 pair.

Prettiest of Corset Covers 50c

The material and trimmings of which these corset covers are made, could not be bought to sell at the price these are marked. And the several different styles have an air of newness about them that would be hard to duplicate. The materials are fine cambrics, long cloth and nainsook. And the prettiest trimmings have been employed: good laces, really fine embroideries and ribbons. We bought the lot under value or this price could not be made. You'll want a dozen of them at 50c each.

Spring Hats and Bonnets for the Kiddies

The little folk will be delighted with the Millinery Fashion has provided for them this spring. The dainty crepes in plain, embroidered or printed effects; the soft piques, nice ratines, chambrays, etc. Some are combined with straw, all are exquisitely trimmed with ribbons or flowers. Colorings are varied and most beautiful for girls up to 8 years. Prices range from 65c to \$3.00.

Blackstone's Month End Clean-Up

This month's Clean-Up will, from all view points, be the biggest event of the kind we have ever announced. It will be held in our basement—where crowds can be accommodated, where assortments and values will be in keeping with our first promise of making these affairs the greatest economy sales of the year. Good light, good goods and plenty of experienced help to aid you in choosing. Watch the papers for dates and details.

318-320-322 South Broadway

Picturesque Tribute to the Father of His Country.

An old colonial minuet.

Danced by girls of the Manual Arts High School yesterday afternoon as part of a Washington's birthday programme. From left to right the dancers are Misses Marie Rendall, Talsey Darling, Vida Eddy and Margaret Tuttle.

Dust Storm.

BLACK BALLS ROLLING TOWARD E. TOOPIOUS?

TOOPIOUS EARL, confessed rebater and discredited political boss, who recently gained immortal fame by hiking from one store to another carrying his red bandanna waistcoat on the carpet, bowing and begging merchants for advertising space for his way into the Los Angeles Realty Board. And thereby hangs a story.

In other words, if Edwin T. Earl, fake reformer, succeeds in his ambition, several prominent real estate men will probably resign from the board. These sellers of earth, who are polishing the little black balls, assert that Earl is not a real estate man in any sense; that he is merely the publisher of the two dullest newspapers in the world, and that this fact alone should eternally bar him from becoming a member of the live, forward-moving and really progressive Los Angeles Realty Board. Earl purports to be a real estate dealer as well as a publisher and points with pride to the Earl Orchard Company, of which he is president. A man named Frost is secretary. Now this Earl Orchard Company is one of the mainly instrumentalities used by the rebater years ago in secretly extracting hard-earned money from the pockets of lemon and orange growers. Citrus men love this company with the same passion that a flower shop proprietor loves a skunk. Talk about red flags and your cat's paw Chihuahua bull, Zowie, and bang!

FIRST-HAND INFORMATION.

Aqueduct Engineers to Address Landowners at Mass Meeting in Burbank Tonight.

Chief Engineer Muholland of the aqueduct, J. B. Lippincott, formerly assistant chief engineer and members of the Annexation Commission, will go to Burbank tonight to explain the situation with reference to Owens River water and its possible application to the lands in that part of San Fernando Valley. A proposition to annex several hundred acres of land contiguous to Burbank to that city will be voted upon the 6th of next month and the landowners whose interests are involved are anxious to learn where their real interests lie in the matter of security and permanent water supply. It is believed that the meeting will be largely attended by people of Burbank and vicinity.

IOWA POSTIONEMENT.

The Iowa picnic, which was to have been held in Eastlake Park next Saturday has been postponed until March 7, when it will be held at the same place, weather permitting. The same programme will be carried out.

FIVE THOUSAND STEAKS GONE.

Carnivorous Thieves With a Dray Literally Clean Out Meat Market.

Five thousand sirloin steaks, a great number of roasts, and a choice assortment of dressed chickens were stolen yesterday from the Knokken & Dewitt meat market, No. 5020 Central avenue. The meat was taken away in a dray. Foodstuffs, clothing and cigars were also taken from F. P. Maguire of No. 5024 Central avenue. Entrance was effected by cutting a screen door. The police are on the trail, armed with cleavers.

Phil.

TRUE DAUGHTERS OF WASHINGTON.

MANUAL ARTS GIRLS DO HIM PICTUREQUE HONOR.

Colonial Minuet in the Garb of Their Great-Grandmothers Danced by Pretty Blossoms from a Modern Cherry Tree—Pasadena Pastor in a Plea for Peace.

The big auditorium of the Manual Arts High School was filled to capacity yesterday afternoon at an unusually picturesque patriotic meeting commemorative of Washington's Birthday.

Rev. Matt Hughes of Pasadena delivered an oration on the "Patriotism of Peace." Eight members of the girls' gym class of the school, dressed in costumes of the time of Washington, and looking even more charming than their great-grandmothers looked in the same style of dress, danced the old Colonial minuet with a grace that reflected credit upon their teacher, Miss Gephart.

The Manual Arts Orchestra played an American fantasia and other numbers; Miss Thekla Robbins rendered a vocal solo very acceptably, and the audience sang "America."

Dr. Hughes in his address said that war is only a beginning in the solution of national problems, and that achievements of war are only valuable as they are followed by achievements of peace.

"The fact is," he said, "war plays a necessary but subordinate part in the working out of a nation's destiny. We are coming to realize the supreme importance of the patriotism of peace. Changes in thought are soon reflected in literary phrase and popular speech. Today we do not have so much to say about patriotism as formerly, and instead we are discussing and emphasizing 'good citizenship.' The explanation of the change in terms is not that we are losing the feeling for which patriotism stands, but rather that we are putting vigorous emphasis upon the performance of patriotic service in times and ways of peace. Real patriotism is the animating spirit of good citizenship, on the other hand, good citizenship is the practical and working side of patriotism under conditions of peace."

MAIL SITUATION CLARIFYING.

Normal Conditions in Local Post-Office Expected Before Another Twenty-four Hours.

There was a wonderful clarifying of the mail situation at the Los Angeles postoffice, yesterday, and the postmaster said yesterday that in another twenty-four hours normal conditions will prevail. The arrivals during the day included trains over the Santa Fe from San Diego, all trains from the East over the same line, the Southern Pacific from El Paso, and both the Santa Fe and Southern Pacific from San Francisco and points north. On account of the congestion all of the mails for near-by towns were brought to Los Angeles. The Monrovia postmaster came down in an auto for his mail, and deliveries were made to Pasadena by the electric cars. Mails were dispatched in every direction yesterday afternoon, and the embargo has virtually been lifted.

JUDGES GUESTS OF HONOR.

Banquet Given by Los Angeles Courthouse Association Last Evening Is Happy Affair.

Superior Court Judges Monroe, Willis and Craig were guests of honor last evening at a banquet given by the Los Angeles County Courthouse Association at the Europa Cafe, No. 738 South Main street. Attorney General Williams was toastmaster. Short talks were made by the three judges. It was a happy occasion. John Volpi, proprietor of the Europa, was awarded a rising vote by the diners for serving, for the first time in Los Angeles, several famous Italian delicacies.

THE DIRECT PRIMARY A SHAME AND DISGRACE.

THE DIRECT PRIMARY LAW IS A HUMBUG, A SHAME AND DISGRACE TO CALIFORNIA, and the people sooner or later will smash it to bits.

The direct primary law was enacted for the protection of political bosses and to give the RINGSTERS a tighter clench upon PATRONAGE than ever before. It takes the government directly from the people and places it in the hands of the back-room bosses. It places the people at the mercy of the ring. This vicious law PREVENTS THE AVERAGE CITIZEN OF SMALL MEANS FROM BECOMING A CANDIDATE FOR ANY OFFICE. The expense of running the gauntlet in two elections is unbearable. The only thing left him is the right to cast a vote for his party candidates as the bosses may direct. It stands as an unsurmountable barrier between the honest and patriotic ambitions of a POOR MAN OR WOMAN and public office. No sophistry, no red bandanna pretensions of protecting the dear people can eliminate this FACT.

It is the truth. Observant citizens of California already have a conclusive record before them of the difference between the boasted virtues of the direct primary and its practical and glaring faults.

And the fact that Gov. Hiram Johnson and Railroad Commissioner John Ehleman were PICKED IN A BACK ROOM BY REBATER EARL, TOM FINN, MEYER LISSNER and two other "Progressive" bosses, SEVEN MONTHS BEFORE THE OFFICIAL PRIMARY ELECTION, is further proof that the law works against the people's interests and for RING RULE. Letters mailed from the "Progressive" State Central Committee and Los Angeles County Central Committee, say in clear English, "Gov. Johnson and John Ehleman WILL be the Progressive candidates for Governor and Lieutenant-Governor," etc.

Who picked these two nominees who are shooting about the State at the people's expense on a month's campaign junket drumming up votes and holding back-room conference with ward henchmen?

Think it over Mr. and Mrs. Fair-Minded Citizen. THINK IT OVER. Neither Republicans nor Democrats have VIOLATED THE DIRECT PRIMARY LAW. No back-room secret caucus has picked a Republican or Democratic "slate." Republicans and Democrats don't do business that way. They are observing the letter and spirit of the vicious law because it is the law.

The Eddie-Earl-Johnson primary system has given us an alleged Republican Governor, against whose nomination a majority of Republican votes were cast.

It has also given us a United States Senator who was not nominated according to the provisions of the direct primary law, but who owed his election to the subservience of legislative puppets to a political boss.

The whole tendency of the direct primary system as practiced in California is to relegate much greater power to a few scheming politicians, than in the days of the party conventions in which it was the fault of the people themselves if they were not properly represented.

In other words, IT GIVES TO FIVE OR SIX MEN THOSE POWERS PREVIOUSLY EXERCISED BY 1200 OR 1500 MEN IN DELEGATE CONVENTIONS.

There is no getting away from this.

And Gov. Johnson, Rebater Earl, Meyer Lissner, Guy Eddie, "Limitation" Wallace and other self-anointed reformers still strive to make their halos fit, believing that the people still cherish fond illusions concerning themselves and the direct primary.

Is there anyone weak-minded or soft-headed enough to believe that the direct primary has smashed "the machine," abolished "the boss," corked "the caucus," kicked the slits out of "backhouse capitalism" and put an end to the "secret conference" and "back-room primary" in State or local politics in California, that the people may have full and direct power in nominating candidates?

Certainly NOT. It is true that "the machine" and the "boss" bear a different label, but the change has not prevented them from establishing stronger despotism of politics and getting a tighter clench upon the "pork barrel."

Gov. Johnson's administration has done more for pie-biters and papacakes than any other three Governors in California and the official figures taken from the State Controller's office PROVE IT. The figures are public property. Gov. Johnson cannot squirm through them.

There will be no opposition to Gov. Johnson for Governor at the primary election on August 25.

There will be no opposition to John Ehleman for Lieutenant-Governor. There will be no opposition to J. J. O'Brien for Secretary of State. And for the other "Progressive" State officers.

The "Progressives" have no choice. THEY MUST VOTE FOR THE CANDIDATES SELECTED FOR THEM BY REBATER EARL, MEYER

(Continued on Fifth Page.)

Kurtzmann

—the choice of every music teacher in the public schools of Los Angeles

Uprights \$375 Up

If the prospective purchaser of a moderate priced Piano overlooks the Kurtzmann, he will miss the best Piano Value in the world at its price. The Kurtzmann is one of the world's old, reliable makes, having been manufactured nearly three-quarters of a century.

Bankers, in fact, find the Britannica a good investment as a mine of practical information by experts, in their own field. It contains, for instance, articles by financial authorities, such as:

Banks and Banking
by Charles A. Conant, former treasurer of the Norton Trust Co., author of "The Principles of Money and Banking," etc.; and
by Sir R. H. L. Paigraue, director of Barclay & Co., Ltd., Bankers.

Trusts
by Jeremiah W. Jenks, former Professor of Political Economy, Cornell, and author of "The Trust Problem, 1903."

Market Statistics, Stock Exchange
by Wynyard Hooper, financial editor of The Times, London (with sections on Movements of Prices, Cycles, Disturbance of Equilibrium, Future Delivery, Corners, Foreign Loans, etc.)

A Few Out of Several Thousand Bankers and Capitalists Who Use the Britannica.
Frank A. Vanderbilt, Mortimer L. Schiff, J. P. Morgan, Jr., Oliver Iselin, James Speyer, James G. Cannon, Andrew Carnegie, John D. Archbold, George F. Baker, August Belmont, Howard Gould, Clement A. Griscom, Jr., Thomas W. Lamont, John D. Rockefeller, Jr., George F. Sheldon, J. Ogden Armour, Joseph Leiter, Wharton Barker.

"The articles upon Banks and Banking and kindred subjects of which I have some knowledge are as interesting as a novel."

Free Lessons in Art Needlework

Every Tuesday, Thursday and Saturday, from 10 to 12 a.m., and 3 to 5 p.m. All the newest stitches in crocheting, knitting and embroidery taught by an expert, to patrons of our art department.

VILLE DE PARIS

317-325 312-322
30 BROADWAY 30 HILL STREET
A. FUSENOT CO.

Spring Dress Fabrics— Shown in Fascinating Variety

The Ville de Paris exhibits a splendid showing of the latest imported novelties, as well as a diversity of entirely new plain weaves. Dress materials to meet every demand of the new fashions are shown in a profusion of new Spring shades.

Wool fabrics of every description will be extremely popular. We enumerate a few items that will be of particular interest, from a style standpoint, not to mention that of the exceptional values offered.

Black Dress Goods

Black will be in strong demand this Spring. The popularity of black is not to be wondered at, when you realize its universal becomingness. Your wardrobe is not complete without a black dress or separate skirt. Our showing is very comprehensive and we suggest a selection from the following correct weaves:

- Silk Poplins \$1.25 to \$3.00
- Wool Crepes 75c to \$2.50
- Tussah Royal \$1.50 to \$3.00
- Chiffon Broadcloth \$1.50 to \$4.00
- Crepe Cascadeuse \$2.50
- Alligator Crepe \$1.75
- Armado Cloth \$3.00

Imported Compose Suitings \$2.25

These suitings are shown in exceedingly attractive shades, in both broken checks and stripes for the skirt, with plain materials to match for the jacket. 52-in. wide. The compose idea, or combination, of two different styles in the same fabric, will be in high favor with the smart set this season.

Imported Compose Suitings \$2.50

These are also imported fabrics, but comprise smart plaids and checks in light Spring colorings. These can be matched in the plain materials and will develop into stunning suits. 52-in. wide.

Waffle Check Suitings \$2.50

We are showing some extremely stylish waffle check suitings in combinations of black and white, blue and white, and blue and green. 52-in. wide.

Honeycomb Check Suitings \$2.75

This decidedly new fabric has the appearance of a small sunken or honeycomb check. It is shown in solid colors comprising the following shades: Paprika, amethyst, Copenhagen, light navy, brown, tan and black. 52-in. wide.

Armado Cloth \$3.00

Not only is this fabric different from any material shown before, but possesses durability combined with style. Shown in shades of carrot, amber, amethyst, Saxe blue, and black. 54-in. wide.

Checked Woolen Fabrics

\$1.25, \$1.50, \$1.75, \$2, \$2.25, \$2.50, \$3
Woolen checks are in great favor. We prepared for a heavy demand, and our showing is now very complete at the above broad range of prices. Widths from 48 to 58 inches.

Attention to Small but Important Details

These dental offices are equipped with the latest modern and sanitary equipment. Here is found every appliance necessary to skillful treatment. Newer and better methods in dentistry have been adopted as perfected, in order that every patient might benefit by having only the best which is usually the latest. No detail, even though it may be small, is considered unimportant.

Specialization

Among the newer improvements in dentistry, the most notable is the use of the X-ray. This method of examining the teeth is of great importance, as it enables the dentist to detect any decay or disease of the teeth before it becomes too advanced to be treated. The X-ray is also used in the treatment of the jaw, and in the diagnosis of various dental conditions.

IN THE FIELD OF SPORTS

WEDNESDAY MORNING, FEBRUARY 25, 1914.—4 PAGES.

PART III

All Set for the Vanderbilt.

Baron Rickenbacher, who is to pilot McKee's car.

TESREAU ON VERGE OF JUMPING TO FEDERALS.

Art Wilson Instructed by Tinker to Use Every Effort to Land Giant Pitcher—Wilson to Play With Chicago Club—Goodwin Declares that He Has No Intention of Playing With Local Club.

BY HARRY A. WILLIAMS.

THE Federals are hot on the trail of Jeff Tesreau, heavyweight pitcher of the New York Giants. Friends of the big leaver say it is very doubtful whether the New York club can hold him in the face of the big offer which has been made by the new organization.

Tesreau has not yet signed with the Giants, but did accept terms for one year. He came up from San Diego yesterday, and is here as the guest of Arthur Wilson, who also was a Giant until he jumped to the Feds. Wilson had been instructed by Joe Tinker to use every possible influence to bring Tesreau over to the Feds.

"We are after Tesreau, and after him hard," declared Wilson last night. "He has been made an offer which it will be almost impossible for him to refuse."

Tesreau is due to leave here today for the Giants' training camp at Marlborough Springs. This, his friends say, should not be construed as an intention on his part to sign with New York. It is probable that he will be met there by an agent of the Federals.

BROOKLYN MAY GET CRAWFORD.

That Sam Crawford and Tris Speaker are almost certain to be with the Brooklyn Federals was a report current here yesterday.

Information to this effect is said to have been received by a representative of the new organization, who is now in Los Angeles.

According to the same report, Crawford is to be given the management. Speaker, it is said, has been offered the biggest salary yet tendered by the Federal League.

COULON DODGES; WILLIAMS CLAIMS CHAMPIONSHIP.

AFTER dodging and ducking, pretending to be out of town, etc., Johnny Coulon was finally dragged into the office of the Chicago Tribune last night at the request of the sporting editor of The Times.

A definite statement of his intentions was demanded, but all that could be got out of Coulon was more evasion. He would not name any date upon which he would fight Kid Williams. Finally he admitted that he would not consent to such a fight before next July 4.

He said that his letter to T. J. McCarey would explain all. His letter to McCarey has already arrived, but it contains no promise of any definite date; only more demands. Coulon now demands that Williams make 118 pounds ringside with all his fighting clothes on.

McCarey returned the following telegram to Coulon last night: "Johnny Coulon, World's Bantamweight Champion, Chicago, Ill.: 'Public opinion against your actions. From anxious to proclaim Williams champion. Impossible for me to hold out against them. They feel Harris and Williams have done everything possible to bring about the match. I must frankly admit that I believe they are right, so unless the following is agreeable to you and forfeit put up immediately, I am through, yet I would be a happy man to be able to say: I told you he would box Williams, date to be named by February 24, weight 118 ringside, nude; both to be on grounds three weeks prior to contest; \$500 forfeit to be put up in Eddie Smith's hands before February 27, which will bind above agreement.'"

"T. J. McCAREY." Sammy Harris, manager of Kid Williams, saw the telegram from the Chicago Tribune last night, and made the following statement: "Well, I'm through. I have put up the \$1000 Coulon demanded that I pay to charity. I have agreed to all his terms. I agreed to let Williams box for a song and allow Coulon to get \$5000. But even then he won't fight."

"Having tried every way we can to get an honest fight out of him, we have decided to claim the bantamweight championship of the world. Hereafter, Williams will write that title after his name."

"And, let me tell you, he will be a regular champion, too. I will give you my word that Kid Williams will never bar anyone or ask for a champion's guarantee for fighting. We don't care how clever they are or how hard they hit."

"And when the time comes for Williams to lose the championship, he will go down fighting."

MATTY GETS A FEDERAL OFFER.

NEW YORK, Feb. 24.—The Federal League has made Christy Mathewson, star pitcher of the New York Nationals, a proposition to manage the Brooklyn Federals at his own terms. President Gilmore has wired Mathewson as follows: "Will you manage the Brooklyn Federals? You may name your own terms."

"This is no small," Gilmore said today. "We want a big man to manage Brooklyn, and have failed to get Stahl. We honestly want Mathewson, and he can play with Brooklyn at his own terms. He is not signed up as yet with the Giants, and we will gladly give him twice as much as he received from the New York club last season."

Gilmore has not yet received an answer from Mathewson. According to the New York club management, Mathewson is now on his way from Los Angeles to Marlborough, Tex.

Exposition Park.

HORSES TO WORK OUT TODAY.

TRACK SPEEDED UP BY RECENT RAINS.

Frank Verbeck Will Try for Track Records in the Flat Cyclone and Knabenhusen Will Show Off in His Dirigible—Perhaps a Three-Deck Race.

The score of fast trotters and pacers which will participate in the racing matinee to be given next Sunday afternoon by the Los Angeles Driving Club will be worked out this morning on Exposition Park track for the first time in two weeks.

The rains have if anything made the track faster than ever. Yesterday teams with harrows were busy loosening up the soil where the rain had packed it and after it is rolled again the horsemen say that it will be in perfect condition.

In addition to the three races to be staged Sunday there will be an exhibition of flying and passenger-carrying by Roy Knabenhusen in his big dirigible balloon. There will also be an exhibition trial against the one, five and ten mile track records by Frank Verbeck in the Flat Cyclone. Arrangements are now being closed with two of the fastest motor cyclists in the West, to have them give exhibition trials against the various track records.

LAST TRIALS COME TODAY.

Drivers Practically Ready for the Big Race.

Oldfield Breaks in New Pair of Cylinders.

Tetzlaff Is All Through His Practicing.

BY AL-G. WADDELL.

The last rehearsal for the great ' Vanderbilt cup race is to be staged in the Santa Monica course this morning.

Many of the fast cars which are scheduled to start in the 24.845-mile race, are not to be in the line-up for the last scrimmage. Several drivers have announced that their last trials will be in the nature of light work-outs. Other members of the speed colony are to make the best possible time on the eve of the race.

Harry Grant has the Isotta running to form, but he is to be out this morning to make the last trial laps. Barney Oldfield broke in a new pair of cylinders yesterday. The grizzled veteran of the speedway said his Mercer was running stiff, but he turned the course at eighty-five miles an hour and did a half mile in 17.1-5 seconds, according to a speed trap set on the back stretch.

AFTER THE MONEY. All Barney intends to do today is to limber up his cylinders. The Mercer is ready to start after the \$3000 prize. The veteran says he is going to make the Vanderbilt the greatest race ever witnessed as long as he is pushing the pedals and twisting the wheel.

Frank Verbeck said last night that the Fiat 90 would remain indoors today. He was satisfied with the car's condition yesterday and after boiling

Doc White and Bill Abstein. Above, Happy Hogan is greeting the famous curve ball pitcher, who comes to the Tigers from the White Sox. Below is Bill Abstein, former Pirate, who battled the Detroit club in the world's series of 1909, and who will play first base for the Angels this season.

BATTLE OVER OWNERSHIP OF MURPHY'S MACHINE.

CHICAGO, Feb. 24.—Coalition of two or more of several groups of Chicagoans who will bid for control of the National League ball club here has been suggested by members of one syndicate, it was learned today. The group which is represented by Louis J. Behan was asked to ally itself with the Thompson-Pugh-McCulloch bidders, according to Behan.

If an alliance was not wanted, it was suggested that at least the two syndicates refrain from "competitive bidding." Behan said his clients would not consider an alliance, but

some struggle.

HUNS SWAMP HIGH SCHOOL.

Rotten Time Made in Most of the Events.

College Sprinters Hog Most of the Points.

George Green Loafs Through the Quarter.

BY DIRECT WIRE—EXCLUSIVE DISPATCH.
CLAREMONT, Feb. 24.—Pomona College defeated Pomona High School in a practice meet held on Alumni field today, score 75-6 to 45-1-4. The meet was at no time close enough to be exciting, and, owing to the let up in training on account of the recent rains, the time in all the races was slow.

The High School lads scored heavily in the hammer throw and shot put owing to the advantage given them by the twelve-pound weights as against the sixteen-pound used by the college athletes. Coach Evans' men also took the majority of the points in both hurdles and the pole vault, but scored very little save in the five events enumerated.

Stanton's variety, on the other hand, scored shutouts in the 100, 150, half-mile and mile, and took eight points in the mile run and 440-yard dash. The college men won the relay hands down. Given gave Merritt a five-yard lead over the High School's second runner, and this was maintained by each succeeding sprinter. Clary broke the tape with a good ten yards to spare.

The variety hurdles had hard luck in both the low and high sticks. In each event a Blue and White athlete led at the tape, but was disqualified. In the low hurdles, C. Green caught his spike on the last barrier and narrowly escaped serious injury.

The meet proved to be good practice for both teams, and another of the same nature will be held some time in the future. Pomona did not put its strongest team in the field, but shifted the men in different events to give a workout to the greatest number. It was planned at the ground showing made, although much work will have to be done to get the team in shape for the meet with U.S.C. Saturday.

Summary of events:
Hammer throw—Won by L. Baker (P.H.) second, distance, 190 ft. 3 in.
Shot put—Won by O. Sturges (P.H.) second, distance, 32 ft. 6 in.
Pole vault—Won by C. Green (P.H.) second, distance, 10 ft. 2 in.

The 100-yard dash—Won by Gillette (P.H.) second, distance, 18 ft. 3 in.
The 150-yard dash—Won by Gillette (P.H.) second, distance, 19 ft. 3 in.
The 220-yard dash—Won by Gillette (P.H.) second, distance, 32 ft. 6 in.

The 440-yard dash—Won by Gillette (P.H.) second, distance, 10 ft. 2 in.
The 880-yard dash—Won by Gillette (P.H.) second, distance, 10 ft. 2 in.
The 1760-yard dash—Won by Gillette (P.H.) second, distance, 10 ft. 2 in.

The 3520-yard dash—Won by Gillette (P.H.) second, distance, 10 ft. 2 in.
The 7040-yard dash—Won by Gillette (P.H.) second, distance, 10 ft. 2 in.
The 14080-yard dash—Won by Gillette (P.H.) second, distance, 10 ft. 2 in.

The 28160-yard dash—Won by Gillette (P.H.) second, distance, 10 ft. 2 in.
The 56320-yard dash—Won by Gillette (P.H.) second, distance, 10 ft. 2 in.

FROM A CARR WINDOW

A few sultry remarks about Mr. Joe Rivers.

THERE are occasions for diplomacy and occasions for force. The instinct of Promoter T. J. McCarey is to employ diplomacy. But the time seems to have come when he should abandon diplomacy and use force.

McCarey should end the career of these fugitive boxing "stars," who demand that all their opponents be "set-ups." In particular, he should either banish Joe Rivers or reduce him to discipline, and declare Johnny Coulton to be a pugilistic pariah.

Johnny Coulton's refusal to name a date upon which to defend his championship from Kid Williams has made him the most contemptible character in the ring.

Joe Rivers' baffle with Freddie Welsh over one pound of weight, and his steady refusal to meet Jack Britton and other dangerous boxers, have placed him pretty close to Coulton.

Although many experts believe that Welsh stands a good chance with Rivers, the Mexican and his manager are frank in regarding him as a sure thing; almost a set-up. They think that Freddie is an old wreck.

Joe's manager, Joe Levy, in one of the local papers, makes naive confession to it.

"We have no fear of Freddie Welsh," he says, "because Joe often boxed with him in training and is sure he can beat him."

A most gallant battle cry that! Rivers has been raised on cleverly-disguised "set-ups." Those who have had him in charge seemed to have a sixth sense which told them when a famous fighter was beginning to "alp," then they rushed out his name for Joe.

Joe Coster was a case in point. He was the first "live one" who Rivers fought. The reason for his reputation in the East and only a few knew that he was recovering from a severe surgical operation.

Conley was brought out for the reason that he was well known, but was considered to be a boob.

Ad Wolgast could hardly be spoken of as a "set-up," but he was at the time of his fight with Rivers a set-up in a certain sense.

Wolgast was just recovering from an operation. Anyone who never saw a boxing glove could tell at a glance that he was in no condition to fight anybody. It was pitiful to see the little fellow trying to get himself into condition for the fight.

Willie Ritchie was a real risk. Of all the fights that Rivers has undertaken, the fight with Ritchie was the only one in which he did not feel sure that something was the matter with his opponent.

Joe had a great opportunity after that match to have wiped out all this record.

Joe, why didn't you just throw your hat into the ring and say to me, "I don't care whom you pick for me. Tell me the date you want me to fight and bring in my opponent, masked, if you like. I will fight any one who can make the public believe he is a lightweight."

Contrast Joe's line of conduct with the return of Ad Wolgast to the ring after his operation.

I think I know better than any one else in the world that Wolgast realized Ritchie was likely to take his championship away from him.

I was up in the mountains with Wolgast while he was training for his fight with Joe Rivers. One day coming down a trail, Wolgast began talking of the four-round fight he had had with Ritchie a short time before in San Francisco.

"Well, Ad," I remarked, "if the fight had gone on longer you would have finally won."

PETE BAGNARD HEAVES SHOT OUT A LONG WAY.

PASADENA HIGH came in from the hills yesterday afternoon to take a terrible beating from Manual Arts High. They took the beating all right, 53 to 44, but the only thing terrible about it was the anguish of the M.A. rooters as the Pasadena squad piled up point after point and became a menace to the artisans' hopes.

The Manual dope sheet allowed the Crown City boys somewhere around twenty points, but the visitors shattered the dope before the meet was half over. Not until the last few events sent the points landing their way were the Manual rooters sure of victory.

Capt. Smead was Manual's big star, scoring fourteen points on one first and three second places. Other artisans stars were Maurer, who cleared eleven feet in the pole vault with apparent ease, and Werner who won the broad jump with a leap of 21 feet and 3 inches.

Little Newby came through in splendid style for Pasadena, showing a clean pair of spikes to the field in the hundred and twenty-five yard dash. Bagnard (P.) first, Smead (M.A.) second, Werner (M.A.) third, distance, 117 ft. 3 in.

The 220-yard dash—Newby (P.) first, Repath (M.A.) second, Hughes (M.A.) third, time, 24.4.
The 440-yard dash—Conkrite (M.A.) first, Smead (M.A.) second, Bowen (P.) third, time, 55.3-5.
The 880-yard dash—Newby (P.) first, Repath (M.A.) second, Hughes (M.A.) third, time, 2m. 24.
The 1760-yard dash—Newby (P.) first, Repath (M.A.) second, Hughes (M.A.) third, time, 5m. 24.

The 3520-yard dash—Newby (P.) first, Repath (M.A.) second, Hughes (M.A.) third, time, 11m. 24.
The 7040-yard dash—Newby (P.) first, Repath (M.A.) second, Hughes (M.A.) third, time, 22m. 24.
The 14080-yard dash—Newby (P.) first, Repath (M.A.) second, Hughes (M.A.) third, time, 44m. 24.

WHITE MAKES HIS FIRST APPEARANCE AS MINOR.

Famous Curve-Ball Pitcher of White Sox Don's Minor League Uniform for First Time—Does Not Seek to Hold Job on Brilliant Record of Past, but Declares He Must Deliver the Goods.

BY HARRY A. WILLIAMS.

Doing this, as he looks to be a man of means.

Abstein, who was imported especially to play first base for the Angels, came with Providence in 1907-08. Pittsburgh beamed on his work with approval, and he was induced to go to that city the following year. Jersey City knew him in 1910 and 1911. For two years past he had been embellishing the first sack for Memphis in the Southern Association.

Berry Sells Fahey.

Howard Fahey has fallen from his high estate as an Angel. President Berry yesterday sold this young hum-dinger to the Victoria club, but took the precaution to attach a strong string to him.

Fahey came to Los Angeles from the Philadelphia Athletics last season, representing a fragment of the Daily deal. He was later sent to Fresno, the Angels recalling him at the end of the season.

If he displays the expected baseball genius with Victoria he will be invited to return here next fall.

Love Sends Contract.

"Slim" Love has favored Berry with his sliver, and the document reached here in an envelope yesterday. Love is one of many players already secured by Berry from Washington, and there are more to come. Hughes and Barton are expected to rush into the city at almost any time now.

Will Get Some Sox.

Still further succor is to be received from another source. The document reached here in an envelope yesterday. Love is one of many players already secured by Berry from Washington, and there are more to come. Hughes and Barton are expected to rush into the city at almost any time now.

Kid Gleason says that never before in their whole lives have the White Sox enjoyed the presence of so many promising youngsters on their perigrinating pay roll. He regrets greatly that all of them cannot be retained.

Some of these are almost certain to be paroled to the Angels, but it would not be chummy to mention any names at this time.

Fast Workout by Tigers.

Hogan put a dozen of the Tigers through their paces at Washington Park yesterday.

The day was ideal for the purpose, and all of the men oozed large quantities of perspiration.

Johnny Kane made his first appearance of the season. Among others who oozed were Rayless, Wilhoit, White, Carlisle, Litschi, Decanniere, Klepper, McArdle, Leard, Harris and Stolor.

Charlie Jackson also was present, but as a free and unfettered citizen. Carlisle is still in an unfettered state, and oozed solely because he felt that way.

Hogan entered into the festivities with zest and was found to be suffering great physical anguish at the finish. The chances are that he won't be quite so frisky today.

Hap forced the men to submit to three hours of batting and fielding practice, and will repeat the dose today, starting at 12 o'clock.

"Phine" Scott, the able and urbane trainer of the Tigers, did everything in his power to offset the damage done by the practice.

Hogan Picks Pitchers.

Klepper, Hitt and Decanniere have been selected by Hogan to have the two-game series to be played with Bill Cornett's Hoosiers at Washington Park, Saturday and Sunday.

All of these parties boast considerable early toughness in the region of the pitching arm as a result of having dilly-dallied more or less with the sphere all winter long.

Cornett seeks to subjugate the Tigers with the following talent: Chadbourne, center field; De Maggio, right field; McKillen, third base; Smith, first base; Flick, shortstop; Wetzel, left field; Butler, second base; and McCann, pitcher.

All of these are ingrained professional players.

White Sox Depart.

The White Sox got away from here at 5:30 p.m. yesterday on the last lap of their trip to Paso Robles.

Joe O'Neill and Kid Gleason watched the Tigers work out yesterday and gained a number of valuable pointers which should be of great aid to them. O'Neill is the circulating secretary of the club, and is responsible for the food bills and other incidents.

George Rice, Cy Sanborn, George Robbins, Irving Vaughn, Larry Wolts and Malcolm McLean, newspapermen, and representing much intellect, are among his star boarders.

S. P. EXTENDS TIME LIMIT.

Leon T. Shettler, chairman of the Racing Committee of the Western Automobile Association, announced last night that the Southern Pacific had granted the association's request and extended the time limit on all excursion tickets to Los Angeles and return, from all California points.

Holders of excursion tickets must present them to an agent for the road, and the time extension will be granted. This was done so that visitors to the city might remain over for the postponed Vanderbilt and Grand Prize races.

Mr. Shettler has also taken the matter up with the Interstate Commerce Commission and is anticipating a favorable reply to his request that the time limit be extended on tickets purchased outside the State as well.

PASADENA TENNIS TOURNAMENT SHOULD PROVIDE THRILLS.

THE Maryland-Huntington tennis tournament which has been postponed to March 5, 6 and 7, because of the Vanderbilt and Grand Prize auto races, promises to be the best early season tournament ever held in the Southland.

Apparently every player of note who could possibly spare the time has sent in his entry and the result should be a fine chance to get a line on the possibilities for the season.

The Coronado tournament, while it was in a way something of a force in the men's singles and doubles, brought out several promising players and these will have a good chance to show what they can do in the Pasadena tourney.

The presence of Strachan, Griffin and Johns from the Bay City will add the foreign element which always brings zest to the local tourney. If it were not for the fact that we get a little outside competition the local meets would be a succession of wins for the same people all of the time.

That the northerners will not be in a class by themselves is shown by the fact that such stars as Nat Browne, Winnie Mac, Gerald Young, Sinsabaugh and Wayne, Barber and McCormick, Kenny Newell, Horace Donnell, Eugene Warren, Clarence Barker and Hal Gorham are also to be found among those entered.

The entrance of such sterling teams as Sinsabaugh and Wayne and McCormick and Warren in the doubles means that the northerners, although strong favorites and almost sure winners, will at least be forced to show some first-class tennis to keep the prizes.

LADIES' EVENTS.

It is promised that in the doubles there will be some real sensations. Several of the lady players at San Diego are showing up in surprisingly good form while Mrs. Widdowson of Santa Monica is one of the local players who promises to spring a surprise.

KIRKLAND FOUND BILLIARD TITLE.

COMMITTEE DECIDES AGAINST PROTEST OF BANKS.

Hearing of Experts Disperses All Doubts on Regularity of Kirkland's Victory Over Banks for the Pocket Billiard Championship of Pacific Coast—Matches Near.

George Kirkland yesterday became undisputed pocket billiard champion of the Pacific Coast by virtue of a unanimous decision of the committee of experts mutually chosen to hear and determine the protest lodged by George L. Banks against the balls used in the match lost by him to Kirkland on the latter's challenge for the title and the trophy donated by Brunswick-Balke-Collender Company.

After hearing the statements of Banks and Referee Alfred E. MacKenzie, the committee, composed of Henry Berry, T. J. Nelms and James Morley, measured the balls, and returned for consideration.

Short consideration induced the committee to return with the announcement that it found the cue ball two and five-sixteenths inches in diameter, and the composition of the balls slightly larger, the difference being "barely perceptible," adding their finding that as Banks had played out the match with the balls he had no ground of protest.

The decision of the referee was accordingly sustained, and the championship and trophy awarded to Kirkland, who was then present.

POINTS INVOLVED.

In explanation of the committee's action, it should be stated that the players were contending under the Brunswick-Balke-Collender Company rules of "Fifteen-Ball Continuous Pocket Billiards for the Championship," which require two and five-sixteenths inch balls. These rules also provide:

"The decision of the referee is final, but it might happen, under extraordinary circumstances, that one of the players should believe his rights to have been violated by the referee. In such a case, he must at once, and before more than one stroke has been played, declare the cause of his grievance and announce that he is playing the game out under protest, when the score stood ninety balls against him; that he thereafter, under notice of protest, continued to play to the end of the match of 145 innings, on the third night, and subsequently asked for a committee.

Referee MacKenzie exhibited the balls, stating that they had been furnished and measured by the Brunswick-Balke-Collender Company and pronounced regulation balls, that they had been used by Banks and others in two tournaments, without objection, including the tournament in which Banks acquired the championship last November.

A few direct questions by Nelms and Morley seemed to satisfy the committee as to the facts, and their finding followed.

Kirkland was immediately approached by other parties with propositions for a match which he thinks likely to mature. As he announces himself ready to play all comers, both Harry O'Brien and Thurman Jack are named by experts as probable challengers.

Grover Brothers say they are prepared to enter O'Brien if suitable arrangements for the match can be made.

NOVICE TOURNAY AT BRUNSWICK.

Rose won from Coby last night in Nelms' novice three-cushion handi-cap tournament, making forty-five points to twenty-nine, with high run of four, in 167 innings.

W. A. Chamberlain defeated H. Darling in the opening game of the tournament, by thirty-five points to thirty-two. Darling was rated at thirty-five, and Coby at thirty-five.

Tonight Renard and Coe meet at thirty-five points, for the third game. Nelms and Kemper left last night for San Francisco, where Kemper plays the first half of his six round match against Bruner, commencing tonight.

NIKRENT WILL DRIVE PATROL.

HOWARD'S BUICK SIX TO BE EMERGENCY CAR.

Picked Squad of Local Police Officers Detailed by Lieut. Butler to Be Held in Reserve With Veteran Race Driver Behind Wheel Ready to Take Chances on Course.

Louis Nikrent is to drive a Buick Six in the Vanderbilt race course tomorrow, but he will not be contender for the prize money.

Nikrent was to be in the Mercer pits during the race; but that engagement was cancelled yesterday and he is to drive the emergency police car.

Field Manager Paul Derkum suggested to E. E. Randall, Santa Monica Chief of Police, that a car be put on the course for emergency purposes and held at the grandstand, ready to go out to any point on the course at a moment's notice. The chief thought the plan was good, and the question of a suitable driver arose.

None but an experienced racing driver would do. They wanted a man who knew the track and was able to drive under trying conditions.

The services of Nikrent were solicited. He called off his job in the Mercer pit and donated his services to the city of Santa Monica. Frank Howard appreciated Nikrent's attitude and offered his own private Buick for the day.

Lieut. Butler of the local police force is to furnish six of his best men for the day. They are to sit in the car and be ready to go to any point on the course where their services might be required. In case of an accident, or if the crowds get beyond the control of the regular patrol, the crew of specials, is to be rushed to the scene.

WOLGAST WILL QUIT IF HE DOESN'T WHIP WILLIE.

(BY DIRECT WIRE—EXCLUSIVE DISPATCH.)

CHICAGO, Feb. 24.—Ad Wolgast is done with the twenty-round contests in the prize ring. If he fails to whip Willie Ritchie in their scheduled ten-round contest in Milwaukee on March 12 he will be content to acknowledge the Californian as the legitimate lightweight champion.

The little black-haired German from whom Ritchie won the 133-pound title made this assertion today to refute reports that he and Ritchie would meet in a twenty-round affair on the Coast after their Milwaukee engagement, provided, of course, if neither was decisively whipped. Certain boxing critics have been eyeing the proposed Milwaukee affair with suspicion, claiming that the match would be only preliminary to a longer bout on the Coast. Wolgast brushed these stories, saying he had no idea of another twenty-round affair.

The former lightweight champion is to do his conditioning work at Lewis' gymnasium. Ritchie also has arranged to work at the Madison-street school of arms, but not at the same hour the Catholic Dutchman is occupying the floor.

WHITTIER CRESCENTS DOWN THE INDEPENDENTS.

THE Whittier "Crescents" kept up their march toward the championship last night by defeating the Whittier Independents 39 to 27. It was a great battle all the way, but the splendid work of McBurney, Sharpless and Hood for the Crescents swept the losers off their feet and brought home a victory. Only one more game stands between the Crescents and the championship; that will be with the Orange Athletic Club, at the Y.M.C.A. gym Friday night. They will have to play hard, fast ball to down the aggressive Orange five.

The best game of the evening was between the local Y.M.C.A. team and the Orange Athletic Club boys. This game brought out the fastest going of the series with only two points separating the two teams throughout the entire game. With only three minutes left to play and the score 28 to 24 with Orange on the long end, and thus it stood when the final whistle blew. Kuhl and Cooper of the Y.M.C.A. team and Park, Pine and Pinter of the winners featured the contest.

Elkeles and Golding fought the Los Angeles Athletic Club team to a 26 to 18 victory over U.S.C. Golding was all over the court, covering his legs like a cat and getting the ball down to Elkeles and Hayward, who shot goals like army sharpshooters. The club team had a hard time holding Taylor, U.S.C.'s demon center. He played a grand game, saving his team from utter rout and shooting four difficult goals.

Glendale High's 120-pound team flashed around the court like butterflies, outclassing Poly's five 29 to 19. "Blondy" Simons scored 12 points for the suburban team, practically winning the game single-handed.

Los Angeles High smothered Whittier High in game two of the 120-pound class, rolling up 47 points while the Quakers trailed far in the rear with 25. Los Angeles High School will meet Glendale High School for the 120-pound title in the Y.M.C.A. gym Friday night.

The only 140-pound game of the evening was fought out between the Los Angeles Athletic Club five and the Y.M.C.A. quintette on the club court. Sensational work by Jim Donohue and "Red" Wilson put the Y team out of business 30 to 13. Jones starred for the Y team. Three games will be played at the Y.M.C.A. tonight. The first game starting at 7:30 o'clock.

VANDERBILT CUP AUTOMOBILE RACE

At Santa Monica

Thursday, Feb. 26th, 1914

STARTS 10 A. M.

We can accommodate 10,000 automobiles and 100,000 people in addition to those who have already made reservations in advance.

Up and Down Broadway.

LAUDER HERE
OPENS TODAY.Arizona Days Arrives for
Hippodrome.Fauvelville Folk Are Seaside
Coming Down."Milestone" Company Sets
New Record.

BY GARDNER BRADFORD.

Oh, well, there is always a last time and maybe this is it. Of course it is Lauder I am talking about, and one day it is "he will be here," and next day it is "he will not be here," so this time let it go with "it is hoped he can open with the matinee today."

If he could only play a few extra performances it would be all right, but inasmuch as he was scheduled to do the two-a-day anyway, there is nothing left but to call the missed days total loss, and do the best that can be done with what time there is left.

Everybody else got in all right, except that the Hippodrome was still looking for "Arizona Days," the big wild-west sketch, which was to have been the headline this week. It arrived last night and will go on today.

It was a two-week engagement though, so those who miss it this week will be able to see it next.

And while running around trying to see who was in and who wasn't, I encountered Harry James, who swears the other day that he sure was going to leave yesterday and start orchestra rehearsals in Boston for "Pretty Mrs. Smith." Now he is going to wait till Thursday, and I wouldn't wonder but that means he will stick until after the opening of "Blue Bird" appearing at the Burbank Sunday.

No doubt a great many here in Los Angeles will recall Alice Butler, who made quite a rep here in local stock. She returns to Los Angeles next week with "The Blue Bird," appearing at the Fairy Beryluna.

Twice this week "Milestone," which opened at the Mason last night, has made theatrical history in Los Angeles. First, when Al Strassman, in advance, used the wireless to change transportation plans and bring the show in by boat instead of by train, and again yesterday when the show, arriving in San Pedro, used a fleet of motor trucks to sail through the mud and make the Mason in time to open last night. Of course, it cost something, but the show gained a day, and without competition in the way of new shows, and that meant a lot, too.

But speaking of this coming in on the boat, you ought to hear the sea-side tales that are going the rounds. Glad and Frank Leary, both at the Orpheum, got theirs, and even Sparah, the pup, was not averse to bombarding the Pacific.

To me, though, the funniest thing of all was that Walter Lawrence, who on the occasion of his last appearance here played the part of a sailor, was the sickest man on board. Frances Cameron, however, who so much as it is over there is a chance to throw it up to each other.

And, as the foods really are dominating the theatrical situation this week, it might be mentioned that even the "Mutual Girl," who is to have graced the musical "Wooden Shoes," first half of this week, was lost on route, but may show up later, as she is an enterprising lass.

While picking up this bit of news I encountered Seymour Tully, all settled over the new musical features they are going to put on at the Broadway picture-house.

It is planned to give a pipe organ and orchestra concert for half an hour every Wednesday afternoon. It is their intention to have a special soloist at each of these concerts.

Just now, and it is nearly midnight, I got word that the Harry Lauder special got away from Bakersfield at midnight yesterday, behind twelve other trains. That means that they should have arrived at about 4 o'clock this morning. I wonder if Harry will be able to extract any humor from the situation.

It is rumored around town that "Pretty Mrs. Smith," after it closes at the Burbank, will play a short engagement at San Diego before going East, giving the new husbands a chance to see what they can do.

Braving all traffic delays, Charley Dixon, general manager for the season left for San Francisco last night. He wouldn't be explicit, but I understand he is to confer with G. M. Anderson regarding the future of the Proscenium Theater. It is an open secret down here that none of the local people like the idea of pictures in the new play-house.

And who should wander down the radio but Shirley Olympia, who is ahead of "How Dye Do." "I have been looking for a dry place ever since we left town," he mused. But even then fate was against him, for he failed to make Los Angeles Sunday.

Kitty Gordon has done all sorts of things, but I understand her latest venture will come off Friday afternoon when she is to christen Beachey's new aeroplane at Ascot Park. Beachey built it himself and I understand it is partly financed by Hector McKenna of the Pomery company. He says that he will break a bottle of said joy juice on the prow Friday, or, rather, Miss Gordon will do it.

Marquis Ellis got word yesterday that George Ull, a former pugilist and possessor of a splendid lyric tenor, has joined the Big City Four at a three-figure salary, and they are to play the antiphones "The Big City Four" by the way, is the highest-priced quartette in vaudeville.

POWERS TO GIVE
AUTO RACE PARTY.

Johnny Powers is to entertain about fifteen guests at the Vanderbilt Cup race tomorrow.

A test has been pitched at Wilshire avenue and Thirteenth street, Santa Monica, and a number of servants are to be in attendance all day. A private telephone station has been installed, which will keep the guests in touch with the official scoreboard at the judge's stand, and they will be able to watch the races as well.

Well Known Here.

COAST STAR TO
RETIRE SOON.ETHEL BRANDON SAW DICKENS
ACT FAMOUS STORIES.

Woman Who Won Fame Here in
California Nearing Golden Jubilee
of Stage Career—Is Playing
Wonderful Characters in "Blue Bird,"
Coming to Majestic.

This, the last season of "The Blue Bird," marks the professional retirement of Ethel Brandon, the noted California actress. For nearly four years—in fact, from the very beginning of the original "Blue Bird" production at New York's New Theater—Miss Brandon has been playing Mummy Tyl, Granny Tyl and Mother Love in Maeterlinck's fantastic play. Soon she is to reach the golden jubilee, the fiftieth milestone of her wonderfully varied stage career; and she has chosen to make her exit as Mummy Tyl, just as she made her entry many years ago in the role of Mammillius in "A Winter's Tale."

Ethel Brandon heard Charles Dickens read (or, rather, act) his stories. What a distance that takes one back! Her father was the champion of Dickens, who had wounded Uncle Sam's amor proprio with his "American Notes." A tiny tot when she heard the novelist at the old Music Hall, Philadelphia, she remembers the experience vividly and how she was inspired with an immediate desire for stage laurels.

She went on the boards very, very young; at the age of sixteen was playing Juliet to J. W. McCullough's robust Romeo. Chance of promotion came from the West, and the young actress sailed for New York. She was the star of the famous old Alcazar Theater in San Francisco. Her husband, the late L. R. Stockwell, was the manager.

Associated with Ethel Brandon at that time were Booth and Barrett, T. W. Keene, Mrs. D. P. Bowers and many other bright lights of the Shakespearean firmament. Later she was the Pacific Coast contralto of Clara Morris and Mrs. Fiske in the West, playing the heavy emotional roles from the French of Sardou and Dumas.

The last few years she has done "characters" in New York City productions, but how much the Pacific West loves her was shown by the triumphant reception she enjoyed up and down the Coast a year ago when she returned in the mother roles of "The Blue Bird." Miss Brandon's daughter, Mary Stockwell, has just made a hit in eastern vaudeville in a playlet by Richard Harding Davis.

ENGLISHMAN WILL
PILOT AIRSHIP.

(BY A. P. NIGHT WIRE.)

NEW YORK, Feb. 24.—Lieut. John C. Porte of the royal naval flying corps of Great Britain will be the first pilot of the proposed trans-Atlantic airship to be financed by Rodman Hammond, a New York banker, who made tonight after Lieut. Porte, who arrived today from abroad, had conferred with officials of the Aero Club of America. Whether Lieut. John H. Towers, U.S.N., will be assistant pilot has not been determined. The consent of the government will be necessary if he decides to accept the place.

Lieut. Porte, it was announced, will go with Glenn H. Curtiss tomorrow to Hammondsport, N. Y., where the Wamamaker flier is to be constructed. Both men, according to the Aero Club's statement tonight, are confident that the plan as worked out thus far is practical.

FAULKNER SIGNS
AS RACE DRIVER.

An Isotta racer is to be brought to the Coast by Baron Long to be entered in future races in Southern California.

Al G. Faulkner and Long have formed a racing combination, and are to have an Isotta here for the Pomery race in September. Faulkner is to drive the car and Long is to go to Europe May 1 to order the racing machine from the foreign factory.

AUTO LAW UPHOLD.

(BY A. P. DAY WIRE.)

SAN FRANCISCO, Feb. 24.—The constitutionality of the new automobile license law, passed by the last California Legislature, was upheld today by the Supreme Court in a series of decisions.

Coming in "The Bluebird."

At the upper left and right are those two delightful children, Editha Kelly, as Mummy, and Buford Hampden as Tyltyl, and in the center, Ethel Brandon, who has been wonderfully popular on the Coast for a generation, and who retired from the stage this season. Below are Jack Davis and Harlette Mendel, understudies to the child principals.

Reply to Tetrazzini.

HAVE THE GOODS, DECLARES
GRAND OPERA MANAGER.

HOWARD SHELLEY, general representative of the Chicago Grand Opera Company, arrived in Los Angeles last night, and gave out the following statement regarding the operatic situation, in which the difference between Luisa Tetrazzini and her manager, William Leary, and the Chicago opera company plays the most salient part.

"The quarrel between Mme. Tetrazzini and her manager and the management of the Chicago Grand Opera Company is a matter of several months' standing. The merits or demerits of the affair cannot be discussed by me. That must await until the arrival of the parties intimately concerned, when they can speak for themselves."

The company this year has been strengthened by the engagement of Titta Ruffo, the world's greatest baritone, whose position in the musical world is pre-eminent.

He was brought to this country through the instrumentality of E. F. Stoenberg, the Philadelphia banker and business associate of the late J. P. Morgan, and one of the greatest patrons of opera in this country. Mr. Stoenberg personally guaranteed Titta Ruffo his salary of \$2000 a night, an enormous sum for an artist to receive on his first visit to America. Ruffo will undoubtedly prove to be one of the sensations of the local opera season, and will be heard in a repertoire of his greatest roles.

The incomparable Mary Garden heads the feminine contingent of the organization, and will sing a number of her favorite roles. Minnie Saltzman-Stevens, the great Wagnerian prima donna, who was so magnificently received here last year, has been especially engaged to sing the role of Kundry in "Parsifal" when that opera will be given locally.

Maestro Campanini has assembled an organization of vocal stars of the first magnitude, among the new ones being Otto Morak, the great German tenor, who is one of the most distinguished artists of Europe, and who will have the title role in Parsifal. Florence Macbeth, an American soprano, who has lately sprung into fame, will sing the coloratura role, and Amadeo Blasi, the noted Italian tenor, will also be heard. Others who will be heard here for the first time include Margie Teyta, Leon Campanini, Francesco Federici, Julia Clauson, one of the greatest contraltos of the day, and last, but by no means least, America's foremost dramatic soprano, Mme. Carolina White, who is one of the most beautiful voices on the stage. The rest of the company comprises practically all the favorites who were heard here last year.

Maestro Campanini, assisted by Giuseppe Stuenkel and other musical conductors, preside over the orchestra, which is one of the most beautiful assemblages of musicians ever gotten together for operatic purposes.

COLLEGE ALUMNI
TO CANCEL TRIP.

The College Alumni baseball team, which made such a fine record last year against the local colleges, has given up the idea of the northern trip and will, instead, go on with its schedule already arranged with the southern schools.

The old line-up of last year has been retained practically entirely. Reed, Stanton, Ball, Mahoney, Critchery, Damers and the others who won much fame last year will be seen in action again. Their schedule will start with a game against Occidental next Saturday, followed by a game with the Angels.

Leonard Lee last night substituted for his brother Frederic in a scheduled game of Morley's amateur basketball team. Leonard, who is a former time held his opponent, Bissillon, in the rear. Eighty-four innings brought Bissillon out with forty points to Lee's twenty-nine, the former having high run of four.

Condon and Gould are matched for tonight, rating respectively at forty and thirty-seven.

EVERS BACKS UP.

CHICAGO, Feb. 24.—John J. Evers, whose unceremonious removal from the management of the Chicago National League club led to the separation of President Murphy from the National League, arrived here today to pack his belongings preparatory to journeying to his home town of Troy, N. Y., and thence to Boston.

Last Trials Today.

(Continued from First Page.)

today. He has had his Mercedes on the course but twice since he unloaded it here. Each appearance brought disaster; but he says he is going out tomorrow and give himself a regular workout.

He has been working on his car since Monday morning at the Moreland factory, with his head mechanic, John Sinton and a corps of experts at his command. He admits that he has been here, but promises himself a better stand-in with the fates when he gets in the race.

"I'm over due for a change of luck and I'm sure going to get what's coming to me when I do get right," he said to a crowd of friends who vied him in the Mercedes ward at the Moreland establishment yesterday. "I gotta hunch I'm going to cop that money, even if I did burn out a couple of bearings. I know the course like a Hungarian wassail knows its mother and I am sure to get a car somewhat, too. What the hell else do I need to know?"

Tony Janette, "the terrible," was misfortune's favored garcon yesterday and his Alcoa's led off the lane on the end of a rope.

A fractured piston rod cut Tony's practice short and came near costing him his chance in the race. Yesterday was trailing him close and when Janette's Alcoa flunked all over the course after the accident, the Fiat driver got out of a real wreck by other deal of driver's luck.

Teddy Tetrazzini made a few tours around the course yesterday and called the game. One of the Fiat's laps was caught at 5m. 49s. Somewhat faster than eighty-four miles an hour.

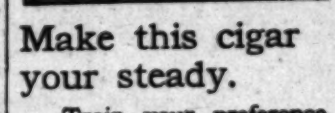

"That will be about all," said the native son, "Let's go eat. The next time I crank her, she's not going to stop till she wins the Grand Prix or goes in the ditch."

A high sign was slipped to a friend. A rope was hitched to the Fiat and connected to a touring car. Teddy was towed up Ocean avenue to his hangar, where he says his car will remain till he takes it out for the race.

E. Lillington, chairman of the Racing Committee of the Santa Monica Chamber of Commerce, has just about worked himself out of a job for tomorrow. He was taken ill Tuesday night and yesterday it was reported that his temperature was dangerously high. For the past three weeks, the chairman has been working with the other members of the Racing Committee, on one long stretch and he has just about broken down.

Paul Derkum and F. J. Townsend said last night that Lillington could take it easy now, as the real work was over; and advised him to give up any idea of getting into the fray tomorrow.

N. R. Cooper, a brother of Earl Cooper, the Stutz driver, received 5000 boxes of raisins from Fresno yesterday, which are to be given away in the grand stand tomorrow. Cooper spent the best part of yesterday driving around Santa Monica and Los Angeles, giving away raisins and arranging for accommodations for the Fresno delegation, which is to come in on a special train today.

THE PRINCE OF GRAUSTARK

George Barr McCutcheon's Great and
Newest 1914 "Best Seller."

Illustrations by R. F. Schabelitz.

Mr. McCutcheon writes only one really big novel a year and we have secured the first serial right. When Mr. McCutcheon romances he stands practically alone. "The Prince of Graustark," which is the wind-up of the fortunes of the little romantic principality, brings back the immensely popular novels of "Graustark" and "Beverly of Graustark." It is a princely romance, exceedingly entertaining, full of humor and moving with a steady gait that will appeal and endear itself to a greater audience than any of the others. Don't fail to read this first installment.

HIGH TIME FOR AN AIR NAVY

Editorial

By Hon. Joseph Daniels, Secretary of Navy

The prediction of military experts that the next great war will be fought at least partially in the air, makes aviation a matter of great importance in connection with the military service of the United States. A comparison of figures of the war strength of the nations of the world shows the United States which was the birthplace of aviation—the home of the Wrights—is to be almost at the foot of the table. Secretary Daniels strongly advocates our leading and not following in the utilization of our own device and urges that steps be taken to train a sufficient and efficient air service able to cope with the best of the world.

A GAME OF WITS

By Robert Barr

Illustrations by J. N. Marchand

We are confident everyone will enjoy this Strathairn story. Our English nobleman in America certainly finds himself "up against it," but as usual, he proves himself master of the situation and the way he goes and does it makes the story a thriller in fiction. It is told in Robert Barr's best style and is cleverly illustrated by Marchand.

CONFESSIONS OF A WASHINGTON
LOBBYIST

Making My First \$6500 Fee

The article is a startling one—a fearless and frank expose of the operations of Washington Lobbyists. Have you ever wondered why and how a certain bill was passed? Do you know of the intriguing of the big and petty graft that are frequently resorted to in order to have a bill passed? The facts are here—clearly and fascinatingly told.

A LIFE

Poem by Charles Buxton Going

A vigorous bit of verse, beautifully illustrated.

THE MATE CALL

Poem by Rena Cary Sheffield

Dainty and charmingly sentimental—the cry of our soul to another.

Illustration of COOKING A LEG OF LAMB.

Hundred Interested Housewives Secret of Preparing Tasty Leg of Lamb—To Tickle the Palate—To Learn Lesson on Salads Will Be at "Times" School.

Delicious portions of a ewe lamb's carcass were placed on the sacrificial altar of knowledge yesterday, at the "Times" School of Domestic Science. The 100 housewives present not only learned the art of preparing a delicious roast, but also the art of preparing a delicious salad.

At the "Times" School, Mrs. Bertha Haffner-Ginger, who is conducting the course of lectures and demonstrations, prepared a leg of lamb, and while the delicious roast was cooking, she prepared lamb chops, lamb kidneys, lamb brains as well as prepared a number of splendid sauces. Mrs. Haffner-Ginger told the class that the best of meat should be cooked as little as possible and have it dressed.

Each lamb she said should not be cooked as rare as roast beef, but that it should be most commonly made that of cooking lamb too much. It should be cooked until it was just tender, and no more. The lamb was dressed, as Mrs. Haffner-Ginger made it, was most delicious, the lamb being cooked in a caper sauce with bread crumbs and capers. The lamb was then the roast was in a red-hot oven. The lamb was the most delicious and the most delicious of the lamb.

COOKERY BARS.

Each prepared the lamb chops, and she broiled in cookery bars. The subject of most common by the housewives present, and Mrs. Haffner-Ginger explained fully many uses for them. Then the lamb was served, and the lamb was in a manner which is one of the characteristics of Mrs. Haffner-Ginger's course of demonstration.

Finished with mashed potatoes, green peas, and each chop was served with its lot of curled paper, the dish was a most interesting one.

The color scheme of the table was the color scheme of the lamb. It was a table and so the lamb was served, and the lamb was the emblem of the lamb. The lamb was served on a table with its Battenberg cover and was greatly admired by those present.

During the preparing of the lamb, Mrs. Haffner-Ginger cooked lamb kidneys and the lamb brains. She showed her pupils just how to make a delicious white sauce for such a dish, and then she showed them how to make a delicious white sauce for such a dish, and then she showed them how to make a delicious white sauce for such a dish.

The lesson on salads will be held on Tuesday. Tomorrow's lesson will be on the preparing of salads and those who have enrolled for the course will be present.

Mrs. Haffner-Ginger's lectures are so interesting that they are being attended by a large number of people. The lesson on salads will be held on Tuesday.

FINANCIERS OPTIMISTIC.

Former Head of New York Central Talks.

Opening of Canal Means Much for California.

Theft of the Mona Lisa Is Duplicated.

PASADENA, Feb. 25.—W. C. Brown, who until a few months ago was president of the New York Central Railroad, and who is still a member of the board of directors of that line, arrived in Pasadena yesterday, accompanied by Frank Green, formerly general passenger agent. They are at the Hotel Green, and say that it is their intention to pass a month or six weeks in the city.

They came over the Santa Fe and were delayed two days at Barstow on account of floods, but last night had only a few minutes delay at Barstow. Brown is one of the veteran railroad builders of America, and some statements made by him last night have wide significance.

For one thing, he declared there is no doubt that the opening of the Panama Canal will, in the main, mean a shortening of the time of average shipments of merchandise from the Atlantic seaboard to the Pacific Coast, by which California will greatly benefit.

"The water service will beat the rail service between New York and San Francisco for average freight," he said. "The saving of time will come in the elimination of stops."

"The railroads will not suffer by reason of the canal. They will retain their full local rates in shipments between middle western points and the Atlantic Coast, where shipments through the Panama Canal will be made, and this will amount to as much as the transcontinental rates would come to in most cases."

As to the business outlook of the country, he had this to say:

"There has been an apparent slowing down of business. Whether conditions will become worse or improve is, of course, guesswork. I have an idea they will now improve. The state of affairs that obtains has been brought about by three things—the failure of a large part of the corn crop, the currency bill and the new tariff law. I think that the currency law is good and that the tariff will be satisfactory in the long run, but whatever the ultimate outcome of them may be, the immediate effects cannot be felt."

"The railroads need the talked-of eight-rate increase badly, but I

think that statements which have been made to the effect that many of them will be unable to do business without it is an extreme view of the case. It is the people who would feel the want most, because of inadequate facilities with which the railroads would have to get along."

Brown declares that he likes Southern California very much, and he has shown his belief in the prosperity of this part of the State by investing in several pieces of agricultural and horticultural land. He first came to Pasadena in 1887, and since then has visited the city twice.

WILL STAY TWO MONTHS.

Mrs. A. Montgomery Ward, widow of the late Chicago merchant, will not, as has been rumored, make her home permanently in Pasadena. She and her daughter, Miss Marjorie Ward, arrived here last Monday night. They came west over the Santa Fe line and were compelled to wait two days at Barstow. The train on which they traveled was one of the first to reach Los Angeles, and they were brought immediately to the Hotel Green, where they are staying.

WILL BUILD DYKES.

Anaheim Citizens Meet and Decide on Measures to Protect Themselves From Future Storms.

ANAHEIM, Feb. 24.—Thoroughly aroused to the needs of taking action for adequate protection against the flood waters of the Santa Ana River, the members of the Anaheim Board of Trade held a meeting last evening for the purpose of discussing the situation as it stands today, and to name a committee to make further arrangements for calling a mass meeting to be held preferably in Anaheim next Monday night.

J. Frederick Althorn, George L. Dietrich, E. A. Day, W. M. Wellman and L. Dahlman comprise the committee. Citizens will be present from Santa Ana, Orange, Fullerton, Yorba Linda, Buena Park and Garden Grove. The advisability of organizing a protection district will be the principal feature of this meeting.

Although the damage sustained by the outbreak of the river during the recent storm has been a source of inconvenience to the owners of valuable ranch properties in the immediate vicinity rather than of a financial nature, it is a well-known fact that had dykes been constructed along the channel the inundation of Saturday and Sunday would not have occurred.

Many of the ranchers of the flooded district were present at the meeting and stated that although the capricious river had been the cause of many anxious hours, the property loss was very slight. Several adjacent ranches lost their grain crops, but that the groves had in reality been benefited by the deluge of water.

The plans of the committee, as sketched in brief, are to call the meeting and should it be their pleasure to organize a protection district of defined lines to raise the necessary funds by assessment. Incidentally this will secure the \$50,000 reinforced concrete bridge to replace the dismantled frame structure at the intersection of the river and the highway, and the paving of the roads and protect property against a repetition of the flood.

will not be known. When his sister, Mrs. Martha Kinch of New Kensington, Pa., sent a draft for \$200 by the Postal Telegraph to Los Angeles, she believed him to be a captive of the black-hand gang. Local authorities believe that if such were the case, he either escaped from the gang or was released through fear of capture in a state developed through torture or unusual treatment given him by the gang.

Haltich does not recognize his name in print. Words are nothingness to him, yet he can copy nicely any words or phrases set before him. The physicians are to give him plenty of nourishment and sleep and meanwhile such treatment as will be conducive toward bridging the gap which so mysteriously "washed out."

SERVICE ESTABLISHED.

With through service established east and west on the Santa Fe and Southern Pacific, on all lines of the Pacific Electric and on the Salt Lake eastward as far as Las Vegas, Nev., San Bernardino is now forested with floods and turning its attention toward welcoming about 50,000 visitors to the Fourth National Orange Show during the coming five days.

Today the marooned overlords which left Los Angeles Friday night moved eastward through the Cajon Pass, where the recently completed double track of the Santa Fe, costing \$1,400,000, was damaged to the extent of \$500,000. Almost a score of H. H. bound trains of the Santa Fe and Salt Lake broke through the blockade and reached this city from one to three days late. Local officials report the tie up on the Santa Fe Pasadena line indefinite.

THREE ROBBERIES.

Three robberies have been reported to the police in the past twenty-four hours. The rooms of Prof. Firth Crossland, leader of the orchestra at the orange show, in the Maitland Hotel, were robbed of \$200 worth of silver, presents to Crossland and his wife when they were married a short time ago. The home of J. F. Kneller at No. 473 Ninth street was entered and about \$300 in jewelry taken. The thieves "jimmied" the front window and overlooked many valuable, taking only a few.

Police have arrested two suspects, Charles Stillman and Mike Crotty, thought to be guilty of the Crossland robbery.

ROBERTS INJURED.

The State will be unable to issue any bonds or warrants for the next two weeks as a result of an injury to State Treasurer E. DeRobertis this morning. The official was cranking his automobile and the engine balked. The crash shot back and wrenched his right hand so seriously that Robertis will be forced to carry his arm in splints and sling for possibly the next two weeks. The injury gave him much pain.

CROWD VISITS SHOW.

An immense crowd today visited the National Orange Show, the day being generally observed in the city and vicinity as Washington's Birthday.

The decision to extend the show to next Saturday evening and thus give the Los Angeles and other people of Southern California an opportunity to see the wonderful fruit exposition has been greeted with delight from every point. And with the opening up of the railroads it is expected that record crowds will be here every day of the entire week, as the excursion routes have been extended by the railroads.

Today was a rainy day, but the crowds were not deterred. The fruit show, Fontana, Cucamonga and Etiwanda, and those communities were well represented in the throngs which surged through the tents all day and this evening, duplicating the Sunday crowds brought out by the fine weather.

The displays are all in first-class shape and the show will this week be

POLICE ARE MYSTIFIED.

Victim of Black Hand Puzzles the Officers.

Service on Railroad Lines Is Finally Established.

Etiwanda Wins First Honors at Orange Show.

SAN BERNARDINO, Feb. 24.—Michael Haltich, the most baffling case involving psychology that ever came to the attention of local physicians, a man 35 years of age, is to be taught how to talk, read and spell as a child of tender years. After three days in the County Hospital under the surveillance of Drs. P. M. Savage and G. R. Owen, and Dr. W. F. Prince, a student and expert on metaphysics, Haltich has shown little improvement, but enough to give rise to the hope that he may recover.

Haltich, who is an alleged victim of a gang of blackhands, is now in a state of hypnosis, according to Dr. Prince, but suffering from a nervous condition caused by a psychic shock or strain involving loss of sleep. He seems to be afraid of everybody and everything, and is unable to comprehend or follow objects to look at and handle and endeavoring by text words, such as dog and cat and simple expressions, to establish coherent recollection of some event after which it is expected the process of restoring him to normal mentality will be comparatively easy.

Until then probably the mysterious case back of his present condition

will not be known. When his sister, Mrs. Martha Kinch of New Kensington, Pa., sent a draft for \$200 by the Postal Telegraph to Los Angeles, she believed him to be a captive of the black-hand gang. Local authorities believe that if such were the case, he either escaped from the gang or was released through fear of capture in a state developed through torture or unusual treatment given him by the gang.

Haltich does not recognize his name in print. Words are nothingness to him, yet he can copy nicely any words or phrases set before him. The physicians are to give him plenty of nourishment and sleep and meanwhile such treatment as will be conducive toward bridging the gap which so mysteriously "washed out."

THREE ROBBERIES.

Three robberies have been reported to the police in the past twenty-four hours. The rooms of Prof. Firth Crossland, leader of the orchestra at the orange show, in the Maitland Hotel, were robbed of \$200 worth of silver, presents to Crossland and his wife when they were married a short time ago. The home of J. F. Kneller at No. 473 Ninth street was entered and about \$300 in jewelry taken. The thieves "jimmied" the front window and overlooked many valuable, taking only a few.

Police have arrested two suspects, Charles Stillman and Mike Crotty, thought to be guilty of the Crossland robbery.

ROBERTS INJURED.

The State will be unable to issue any bonds or warrants for the next two weeks as a result of an injury to State Treasurer E. DeRobertis this morning. The official was cranking his automobile and the engine balked. The crash shot back and wrenched his right hand so seriously that Robertis will be forced to carry his arm in splints and sling for possibly the next two weeks. The injury gave him much pain.

CROWD VISITS SHOW.

An immense crowd today visited the National Orange Show, the day being generally observed in the city and vicinity as Washington's Birthday.

The decision to extend the show to next Saturday evening and thus give the Los Angeles and other people of Southern California an opportunity to see the wonderful fruit exposition has been greeted with delight from every point. And with the opening up of the railroads it is expected that record crowds will be here every day of the entire week, as the excursion routes have been extended by the railroads.

Today was a rainy day, but the crowds were not deterred. The fruit show, Fontana, Cucamonga and Etiwanda, and those communities were well represented in the throngs which surged through the tents all day and this evening, duplicating the Sunday crowds brought out by the fine weather.

The displays are all in first-class shape and the show will this week be

even better than last week when the storm was on.

The awards are all now in place making the show doubly interesting to all visitors. Hundreds of hand-some trophies now decorate the fruit displays, thus adding to the show's beauty.

The awards created great interest being announced by Chairman R. E. Prince, Etiwanda Citrus Fruit Association, second prize, Corona Chamber of Commerce; third prize, Bloomingdale Fruit Association.

Class No. 1.—Best five boxes of lemons: first prize, Corona Chamber of Commerce; second prize, Bloomingdale Fruit Association; third prize, Etiwanda Citrus Fruit Association.
